TITLE 7—AGRICULTURE

Chapter VIII—Commodity Stabilization Service (Sugar), Department of Agriculture

Subchapter H—Determination of Wage Rates [Sugar Determination 867.6]

PART 867—SUGARCANE; PUERTO RICO

FAIR AND REASONABLE WAGE RATES; CALENDAR YEAR 1954

Pursuant to the provisions of section 301 (c) (1) of the Sugar Act of 1948, as amended (herein referred to as "act"), after investigation, and consideration of the evidence obtained at the public hearing held in San Juan, Puerto Rico, on October 22 and 23, 1953, the following determination is hereby issued:

§ 867.6 *Fair and reasonable wage rates for persons employed in the production, cultivation, or harvesting of sugarcane in Puerto Rico during the calendar year 1954—(a) Requirements.* The requirements of section 301 (c) (1) of the act shall be deemed to have been met with respect to the production, cultivation, or harvesting of sugarcane in Puerto Rico for the calendar year 1954 if the producer complies with the following:

(1) *Wage rates.* All persons employed on the farm in the production, cultivation, or harvesting of sugarcane shall have been paid in full for all such work and shall have been paid wages in cash therefor at rates as agreed upon between the producer and the worker, but after the date of issuance of this section, not less than the following:

(i) *Day rates—(a) Basic rates.* The basic day rate for the first 8 hours of work performed in any 24-hour period (except that for ditch diggers, ditch cleaners, or field flooders in Class E, as shown in the table below, the applicable day rate shall be for the first 7 hours of work performed in any 24-hour period) shall be as follows:

Class of work	Basic rates per day
A. All kinds of work not classified below.....	\$2.60
B. Operators of mechanical equipment, such as tractors, trucks, tractor plows.....	3.55
C. Cartmen in cultivation work.....	2.70

Class of work	Basic rates per day
D. Plow steersmen and operators of irrigation pumps, and all work connected with mixing and applying chemical weed killers.....	\$2.95
E. Ditch diggers, ditch cleaners, field flooders (per 7-hour day).....	2.95
F. Cartmen in harvest work.....	3.15
G. Sugarcane cutters (for grinding or planting), seed cutters, crane operators, dumpers.....	2.95
H. Portable track handlers, railroad or portable track car loaders.....	3.15
I. Cane cart or truck loaders.....	3.05

¹ Field flooders shall be deemed to be workers who set up or remove banks in drainage ditches when used for flooding sugarcane fields.

(b) *Wage increases.* For each 10 cents or fraction thereof that the price of raw sugar (duty paid basis, delivered) averages more than \$5.50 per one hundred pounds, but not more than \$7.00 per one hundred pounds for the four-week period immediately preceding the four-week period during which the work is performed, a wage increase of 6.5 cents per day above the rate prescribed under (a) of this subdivision shall be paid for each day of work during such four-week period: *Provided*, That the average price of raw sugar prevailing during the period from December 3 through December 30, 1953 shall determine the amount of wage increase effective during the work period January 1 through January 27, 1954, and thereafter the amount of wage increases in successive four-week work periods shall be determined by the average price of raw sugar prevailing in the immediately preceding four-week period. The four-week average price of raw sugar (duty paid basis, delivered) shall be determined by taking the simple average of the daily spot quotations of 96° raw sugar of the New York Coffee and Sugar Exchange (domestic contract) expressed in terms of a one hundred pound unit and adjusted to a duty paid basis, delivered, by adding to each daily quotation the United States duty prevailing on Cuban raw sugar on that day, except that, if the Director of the Sugar Division, Commodity Stabilization Service, determines that for any four-week period such average price does not reflect the true market value of raw sugar, because of inadequate volume or other factors, the Director may designate the average price to be effective under this section.

(ii) *Hourly rates.* Where persons are employed on an hourly basis for a period not in excess of 8 hours (7 hours in Class E) in any 24-hour period, the hourly rate shall be determined by dividing the applicable day rate provided in subdivision (i) of this subparagraph by 8 (by 7 in Class E).

(iii) *Overtime.* Persons employed for more than 8 hours (or 7 hours in Class E) in any 24-hour period shall be paid for the overtime work at a rate double the applicable hourly rate provided in subdivision (ii) of this subparagraph.

(iv) *Piecework rates.* If work is performed on a piecework basis, the average earnings for the time involved on each separate unit of work for which a piecework rate is agreed upon shall be not less than the applicable daily or hourly rate provided in subdivisions (i), (ii), and (iii) of this subparagraph.

(2) *Compensable working time.* For work performed under subparagraph (1) of this paragraph, compensable working time includes all time which the worker spends in the performance of his duties except time taken out for meals during the work day. Compensable working time commences at the time the worker is required to start work in the field and ends upon completion of work in the field. However, if the producer requires the operator of mechanical equipment, driver of animals or any other class of worker to report to a place other than the field, such as an assembly point,

stable, tractor shed, etc., located on the farm, time spent in transit to and from the field is compensable working time. Any time spent in performing work directly related to the principal work performed by the worker such as servicing equipment, is compensable working time. Time of the worker while being transported from a central recruiting point or labor camp to the farm is not compensable working time.

(3) *Perquisites.* In addition to the foregoing, the producer shall furnish to the worker, without charge, the perquisites customarily furnished by him such as a dwelling, garden plot, pasture lot and medical services.

(b) *Subterfuge.* The producer shall not reduce wage rates to workers below those determined in this section through any subterfuge or device whatsoever.

(c) *Claim for unpaid wages.* Any person who believes he has not been paid in accordance with this section may file a wage claim with the Caribbean Area Agricultural Stabilization and Conservation Office, San Juan, Puerto Rico, against the producer on whose farm the work was performed. Such claim must be filed within two years from the date the work with respect to which the claim is made was performed. Detailed instructions and wage claim forms are available at that office. Upon receipt of a wage claim the Caribbean Area Office shall thereupon notify the producer against whom the claim is made concerning the representation made by the worker and, after making such investigation as it deems necessary, shall notify the producer and worker in writing of its recommendation for settlement of the claim. If the recommendation of the Area Office is not acceptable, either party may file an appeal with the Director of the Sugar Division, Commodity Stabilization Service, U. S. Department of Agriculture, Washington 25, D. C. Such appeal shall be filed within 15 days after receipt of the recommended settlement from the Area Office; otherwise such recommended settlement will be applied in making payments under the act. If a claim is appealed to the Director of the Sugar Division, his decision shall be binding on all parties insofar as payments under the act are concerned.

STATEMENT OF BASES AND CONSIDERATIONS

(a) *General.* The foregoing determination provides fair and reasonable wage rates which a producer must pay, as a minimum, for work performed by persons employed on the farm in the production, cultivation, or harvesting of sugarcane in Puerto Rico during the calendar year 1954, as one of the conditions for payment under the act.

(b) *Requirements of the act and standards employed.* In determining fair and reasonable wage rates the act requires that a public hearing be held, that investigations be made, and that consideration be given to (1) the standards formerly established by the Secretary under the Agricultural Adjustment Act, as amended, and (2) the differences in conditions among various sugar producing areas.

A public hearing was held in San Juan, Puerto Rico, October 22 and 23, 1953, at which interested persons presented testimony with respect to fair and reasonable wage rates for the calendar year 1954. In addition, investigations have been made of the conditions affecting wage rates in Puerto Rico. In this determination the primary factors which have been considered are (1) cost of living; (2) prices of sugar and byproducts; (3) income from sugar; and (4) cost of production. Other economic influences also have been considered.

(c) *1954 wage determination.* This determination differs from the 1953 determination in the following respects: (1) Basic wage rates per day are stated at a raw sugar price level of \$5.50 per one hundred pounds rather than \$5.00; (2) the wage rates at the \$5.50 price level are increased about 5 percent for all workers or in amounts ranging between 14 and 16 cents per 8-hour day (7-hour day for Class E workers); (3) the amount of the wage increase in the wage-price escalator is increased from 6 cents to 6½ cents per day; (4) the periods during which average raw sugar prices are determined and wage rates effective are extended from two weeks to four weeks; and (5) a provision is added defining compensable working time.

At the public hearing representatives of producer organizations and individual producers recommended no change in wage rates for two principal reasons: (1) That a large segment of the industry has a collective bargaining agreement with organized labor which does not expire until the end of 1954; and (2) an analysis by industry of the application of the standards considered by the Secretary of Agriculture in promulgation of the wage determinations affecting sugarcane production in Puerto Rico does not justify any wage increase. The industry representatives in consideration of suggestions made in the notice of hearing recommended, a four-week wage-price period in the wage-price escalator; a definition of compensable working time; and no provision be made for furnishing to workers equipment necessary to perform work assignments. A number of recommendations were made by representatives of labor unions for increasing the annual income of workers for the purpose of improving their standard of living. The representative of one labor union recommended an annual guaranteed wage for regular workers based on family budget requirements. For transient labor in the various job classifications he recommended daily wages approximately double the wage rates provided in this determination at the base raw sugar price level. Another recommendation was the specific addition of certain categories of skilled workers in the determination rate schedule. In a supplemental brief this representative recommended an examination of the concept of the term "fair and reasonable" as used in wage determinations and urged that such rates be higher than those which are merely "not oppressive." The union representative recommended the adoption of the definition of compensable working time, the provision for the

furnishing of working tools necessary in the performance of work assignments and that the two-week wage and price periods of the wage-price escalator be continued. Other labor union recommendations included minimum wages of \$4.00 and \$5.00 per day; an increase in the amount of wage increment in the wage-price escalator from 6 cents to 7½ cents per 8-hour day; and the elimination of a work category for herbicide applicators.

Consideration has been given to the recommendations made at the hearing and in supplemental briefs, to current crop and price conditions, to anticipated costs, returns and profits to producers, to living costs of workers, to the impact of changes occurring in the production methods in Puerto Rico and to other pertinent factors. The analysis indicates that the increase provided in this determination will be within producers' ability to pay under conditions likely to prevail during 1954.

Although improvements in average labor productivity have made possible moderate increases in wages in recent years, wage rates in Puerto Rico are low in comparison with wages paid in other major domestic producing areas. One of the reasons for this is the high labor requirements per unit of production. However, there are broad opportunities for further improvements in production methods through cooperation of both workers and producers. The adoption and utilization of more efficient production methods will benefit producers and workers by lowering labor costs per unit of production and making possible higher wage levels.

The raising of the raw sugar base price at which the wage-price escalator becomes operative from \$5.00 to \$5.50 per hundred pounds of raw sugar gears base wages to a sugar price level which is more closely related to market prices. The wage-income relationship at the new level is slightly higher after consideration is given to the increases provided in this determination.

The price and wage periods of the wage-price escalator have been extended from two to four weeks to lengthen the periods in which the wage increase remains constant and to reduce the frequency of changes in wages. The lengthening of the periods should not adversely affect long term wage relationships.

Compensable working time is defined so that producers and workers may have full knowledge of this minimum requirement. It conforms with general practices currently prevailing in Puerto Rico. The provision suggested in the hearing notice with respect to the furnishing of equipment necessary in the performance of work assignments has not been adopted because testimony at the hearing indicated that workers generally furnished small hand tools which they prefer to keep in their possession for performing chores not related to work in the sugarcane fields.

After full consideration of all information available, the wage rates provided in this determination are deemed to be fair and reasonable.

Accordingly, I hereby find and conclude that the foregoing wage determination will effectuate the wage provisions of the Sugar Act of 1948, as amended.

(Sec. 403, 61 Stat. 932; 7 U. S. C. Sup. 1153. Interprets or applies sec. 301, 61 Stat. 929; 7 U. S. C. Sup. 1131)

Issued this 29th day of January 1954.

[Sugar Determination 868.6]

PART 868—SUGARCANE, VIRGIN ISLANDS
FAIR AND REASONABLE WAGE RATES;
CALENDAR YEAR 1954

Pursuant to the provisions of section 301 (c) (1) of the Sugar Act of 1948, as amended, (herein referred to as "act"), after investigation, and consideration of the evidence obtained at the public hearing held in Christiansted, St. Croix, Virgin Islands, on October 26, 1953, the following determination is hereby issued.

§ 868.6 *Fair and reasonable wage rates for persons employed in the production, cultivation, or harvesting of sugarcane in the Virgin Islands during the calendar year 1954—(a) Requirements.* The requirements of section 301 (c) (1) of the act shall be deemed to have been met with respect to the production, cultivation, or harvesting of sugarcane in the Virgin Islands for the calendar year 1954, if the producer complies with the following:

(1) *Wage rates.* All persons employed on the farm in the production, cultivation, or harvesting of sugarcane shall have been paid in full for all such work and shall have been paid wages in cash therefor at rates as agreed upon between the producer and the laborer, but after the date of issuance of this determination, not less than the following:

(i) *Basic time rates.* The basic rates per hour for the first 8 hours of work performed in any 24-hour period shall be as follows:

Class of worker	Basic rate per hour
A. Operators of mechanical loaders.....	\$0.65
B. Operators of tractors and trucks.....	.50
C. Chemical sprayers.....	.43
D. All others.....	.40

(ii) *Apprentice operators of mechanical loaders and tractors.* For a learner or apprentice the hourly wage rate for Class A work in subdivision (i) of this subparagraph may be reduced by not more than 15 cents per hour and the hourly rate for Class B tractor driver work in subdivision (i) of this subparagraph may be reduced by not more than 10 cents per hour: *Provided*, That the training period for such workers shall not exceed six work-weeks and: *Provided further*, That the employer shall have available for examination by the local supervisor of the Caribbean Area Agricultural Stabilization and Conservation Office, San Juan, Puerto Rico (hereinafter referred to as "Area Office"), a

copy of the certificate of learner or apprentice status issued by the St. Croix Municipal Wage Commissioner in accordance with the provisions of section 6 (a) of St. Croix Municipal Council Bill No. 43, passed July 3, 1952.

(iii) *Handicapped workers.* For an individual whose productive capacity is impaired by age or physical or mental deficiency the hourly wage rates provided under subdivision (i) of this subparagraph may be decreased by not more than one-third: *Provided*, That the employer shall have available for examination by the local supervisor of the Area Office, a copy of the certificate of individual worker impairment issued by the St. Croix Municipal Council Wage Commissioner in accordance with the provisions of section 6 (a) of St. Croix Municipal Council Bill No. 43, passed July 3, 1952.

(iv) *Overtime.* Persons employed in excess of 8 hours in any 24-hour period or in excess of 44 hours in any one week shall be paid for the overtime work at a rate not less than one and one-half times the applicable hourly rate provided in subdivisions (i), (ii), and (iii) of this subparagraph: *Provided*, That this provision shall be inapplicable to workers who are employed under extraordinary emergencies as defined in section 4 (c) of St. Croix Municipal Council Bill No. 2, passed January 5, 1950.

(v) *Piecework rates.* If work is performed on a piecework basis, the rate shall be as agreed upon between the producer and the laborer: *Provided*, That the hourly rate of earnings for each worker for the time involved on each separate unit of work for which a piecework rate is agreed upon shall be not less than the applicable hourly rate provided under subdivisions (i), (ii), (iii), and (iv) of this subparagraph.

(2) *Compensable working time.* For work performed under subparagraph (1) of this paragraph, compensable working time includes all time which the worker spends in the performance of his duties except time taken out for meals during the work day. Compensable working time commences at the time the worker is required to start work in the field and ends upon completion of work in the field. However, if the producer requires the operator of mechanical equipment, driver of animals, or any other class of worker to report to a place other than the field, such as an assembly point, stable, tractor shed, etc., located on the farm, time spent in transit to and from the field is compensable working time. Any time spent in performing work directly related to the principal work performed by the worker such as servicing equipment, is compensable working time. Time of the worker while being transported from a central recruiting point or labor camp to the farm is not compensable working time.

(b) *Subterfuge.* The producer shall not reduce the wage rates to laborers below those determined herein through any subterfuge or device whatsoever.

(c) *Claim for unpaid wages.* Any person who believes he has not been paid in accordance with this determination

may file a wage claim with the Caribbean Area Agricultural Stabilization and Conservation Office, San Juan, Puerto Rico, against the producer on whose farm the work was performed. Such claim must be filed within two years from the date the work with respect to which the claim is made was performed. Detailed instructions and wage claim forms are available at that office. Upon receipt of a wage claim the Area Office shall thereupon notify the producer against whom the claim is made concerning the representation made by the laborer and, after making such investigation as it deems necessary, shall notify the producer and laborer in writing of its recommendation for settlement of the claim. If the recommendation of the Area Office is not acceptable, either party may file an appeal with the Director of the Sugar Division, Commodity Stabilization Service, U. S. Department of Agriculture, Washington 25, D. C. Such appeal shall be filed within 15 days after receipt of the recommended settlement from the Area Office; otherwise, such recommended settlement will be applied in making payment under the act. If a claim is appealed to the Director of the Sugar Division, his decision shall be binding on all parties insofar as payment under the act is concerned.

STATEMENT OF BASES AND CONSIDERATIONS

(a) *General.* The foregoing determination provides fair and reasonable wage rates which a producer must pay, as a minimum, for work performed by persons employed on the farm in the production, cultivation, or harvesting of sugarcane in the Virgin Islands during the calendar year 1954, as one of the conditions for payment under the act.

(b) *Requirements of the act.* In determining fair and reasonable wage rates, the act requires that a public hearing be held, that investigations be made, and that consideration be given to (1) the standards formerly established by the Secretary under the Agricultural Adjustment Act, as amended, (i. e. cost of living, prices of sugar and by-products, income from sugarcane and cost of production), and (2) the differences in conditions among the various sugar producing areas.

(c) *1954 wage determination.* This determination differs from the 1953 determination in three respects: (1) A provision has been added which permits producers to employ apprentice operators of mechanical loaders and tractors at reduced rates for a training period of not more than 6 weeks upon certification of the St. Croix Municipal Wage Commissioner; (2) compensable working time of the workers is defined; and (3) the perquisite provision is omitted. All other provisions of the 1953 determination continue unchanged.

A public hearing was held in Christiansted, St. Croix, Virgin Islands, on October 26, 1953, at which interested persons presented testimony with respect to fair and reasonable wage rates for the calendar year 1954. At the hearing a representative of the Virgin Islands Corporation made three principal recommendations: (1) The addition of wage rates for apprentice operators of me-

chanical loaders at 50 cents per hour and apprentice tractor drivers at 40 cents per hour, both to be limited to a six-week training period; (2) the broadening of the handicapped worker provision of the determination so that handicapped workers might be defined to include piecework employees who had failed to earn the hourly wage rate for a one week period; and (3) change the perquisite provision of the determination to stipulate that the producer shall furnish to the laborer, when available, houses and a garden plot at a nominal charge. A representative of the labor union recommended an increase of 10 cents per hour in the wage rates to compensate for the proposed rental charge for houses furnished workers. This representative also recommended that the piecework rate for cutting sugarcane negotiated by the union and the Virgin Islands Corporation be increased 20 cents per ton.

Consideration has been given to the recommendations made; to the economic position of producers and workers; to information resulting from investigations; to the required standards; and to other pertinent factors. An examination of the operations of the Island's largest employer—the federally-owned Virgin Islands Corporation—shows that recent improved production methods have increased average labor productivity and lowered the annual losses incurred in sugar operations. In 1950 and in 1952 the Municipal Council of St. Croix enacted minimum wage legislation which prescribed substantially higher wage minimums than had been in effect in prior years. These minimums were higher than those indicated by application of standards customarily considered in wage determinations under the Sugar Act. Wage determinations have conformed to the Council's minimum wage levels inasmuch as the Sugar Act requires payment of wages "in full" of agreed upon rates or determination rates whichever are higher. Such action had the effect of providing a uniform compliance standard for all producers since the Virgin Islands Corporation is not subject to local ordinances as are other producers.

The wage provision for apprentice operators of mechanical loaders and tractors for a six-week training period and the certification of such apprentices by the Wage Commissioner of the Island of St. Croix is in general conformity with the Island's minimum wage law. It provides a reasonable experience differential and reduces costs under high labor turnover. The provision for compensable working time is in conformity with practices followed and makes knowledge of this minimum requirement available to all producers and workers. The recommendation of the representative of the Virgin Islands Corporation to permit producers to employ workers at a reduced wage rate under the handicapped worker's provision of the determination, upon receipt of a worker's statement that he has been unable to earn at piecework during one week the minimum hourly rate of 40 cents per hour, has not been adopted because adequate provision is made in the local ordinance for certifi-

cation of handicapped workers by the Wage Commissioner of the Island of St. Croix.

The perquisite provision is omitted because the Virgin Islands Corporation is required by applicable federal statutes and regulations to make a nominal charge for quarters furnished to resident employees. Medical services furnished workers in the past have been limited to accident compensation which will continue to be carried without cost to workers. An adjustment in wage rates is not made to compensate for the contemplated rental charge for the reason that the minimum wage increases established by local ordinance are in excess of rates indicated by standards customarily used in wage determinations under the act.

After consideration of all factors, the wage rates and other provisions in this determination are deemed to be fair and reasonable.

Accordingly, I hereby find and conclude that the foregoing wage determination will effectuate the wage provision of the Sugar Act of 1948, as amended.

(Sec. 403, 61 Stat. 932; 7 U. S. C. Sup. 1153. Interprets or applies sec. 301, 61 Stat. 929; 7 U. S. C. Sup. 1131)

Issued this 29th day of January 1954.

[SEAL] TRUE D. MORSE,
Acting Secretary of Agriculture.

Chapter XI—Agricultural Conservation Program Service, Department of Agriculture

[ACP-1954-P. R., Supp. 1]

PART 1102—AGRICULTURAL CONSERVATION; PUERTO RICO

EXCESS COTTON ACREAGE

Pursuant to the authority vested in the Secretary of Agriculture under sections 7-17 of the Soil Conservation and Domestic Allotment Act, as amended, the Department of Agriculture Appropriation Act, 1954, and section 348 of the Agricultural Adjustment Act of 1938, as amended, the 1954 Agricultural Conservation Program; Puerto Rico, issued December 17, 1953 (18 F. R. 8627), is amended as follows:

A new § 1102.446 is added as follows:

§ 1102.446 *Excess cotton acreage.*

(a) Any person who makes application for payment of cost-shares with respect to any farm located in a district in which any kind of cotton is planted in 1954 shall file with such application a statement that he has not knowingly planted any kind of cotton or caused any kind of cotton to be planted during 1954 on any farm in which he has an interest in excess of the 1954 acreage allotment established for the farm for such kind of cotton under the Agricultural Adjustment Act of 1938, as amended.

(b) Any person who knowingly plants any kind of cotton or causes any kind of cotton to be planted on his farm in 1954 in excess of the 1954 acreage allotment for the farm for such kind of cotton under the Agricultural Adjustment Act

of 1938, as amended, shall not be eligible for any payment of cost-shares whatsoever on that farm or on any other farm under 1954 programs authorized by sections 7 to 17, inclusive, of the Soil Conservation and Domestic Allotment Act, as amended. Cotton of any kind shall not be deemed to have been planted on any farm in excess of the farm acreage allotment for such kind of cotton if, after the acreage originally planted to such kind of cotton has been determined and notice thereof sent to the operator of the farm, the acreage planted to such kind of cotton is adjusted to the farm acreage allotment for such kind of cotton in the period allowed under the notice. If the operator is notified that the acreage allotment for any kind of cotton has been exceeded and the acreage planted to such kind of cotton is not adjusted to such acreage allotment in the period allowed under the notice, the acreage allotment for such kind of cotton shall be deemed to have been knowingly exceeded by all producers having an interest in such kind of cotton on the farm. Notice of overplanting to the operator of the farm shall be deemed to be notice to all persons sharing in the production of any kind of cotton on the farm.

(c) For the purposes of this section "kind of cotton" shall be upland cotton or extra long staple cotton.

(Sec. 4, 49 Stat. 164; 16 U. S. C. 590d. Interprets or applies secs. 7-17, 49 Stat. 1148, as amended, sec. 348, 52 Stat. 59, as amended, Pub. Law 158, 83d Cong.; 7 U. S. C. 1348, 16 U. S. C. 590g-590q)

Done at Washington, D. C., this 29th day of January 1954.

[ACP-1954-Alaska, Supp. 1]

PART 1104—AGRICULTURAL CONSERVATION; ALASKA

EXCESS COTTON ACREAGE

Pursuant to the authority vested in the Secretary of Agriculture under sections 7-17 of the Soil Conservation and Domestic Allotment Act, as amended, the Department of Agriculture Appropriation Act, 1954, and section 348 of the Agricultural Adjustment Act of 1938, as amended, the 1954 Agricultural Conservation Program; Alaska, issued December 11, 1953 (18 F. R. 8260), is amended as follows:

A new § 1104.345 is added as follows:

§ 1104.345 *Excess cotton acreage.* (a)

Any person who knowingly plants any kind of cotton or causes any kind of cotton to be planted on his farm in 1954 in excess of the 1954 acreage allotment for the farm for such kind of cotton under the Agricultural Adjustment Act of 1938, as amended, shall not be eligible for any payment of cost-shares whatsoever on that farm or on any other farm under 1954 programs authorized by sections 7 to 17, inclusive, of the Soil Conservation and Domestic Allotment Act,

as amended. Cotton of any kind shall not be deemed to have been planted on any farm in excess of the farm acreage allotment for such kind of cotton if, after the acreage originally planted to such kind of cotton has been determined and notice thereof sent to the operator of the farm, the acreage planted to such kind of cotton is adjusted to the farm acreage allotment for such kind of cotton in the period allowed under the notice. If the operator is notified that the acreage allotment for any kind of cotton has been exceeded and the acreage planted to such kind of cotton is not adjusted to such acreage allotment in the period allowed under the notice, the acreage allotment for such kind of cotton shall be deemed to have been knowingly exceeded by all producers having an interest in such kind of cotton on the farm. Notice of overplanting to the operator of the farm shall be deemed to be notice to all persons sharing in the production of any kind of cotton on the farm.

(b) For the purposes of this section "kind of cotton" shall be upland cotton or extra long staple cotton.

(Sec. 4, 49 Stat. 164; 16 U. S. C. 590d. Interprets or applies secs. 7-17, 49 Stat. 1148, as amended, sec. 348, 52 Stat. 59, as amended, Pub. Law 156, 83d Cong.; 7 U. S. C. 1348, 16 U. S. C. 590g-590q)

Done at Washington, D. C., this 29th day of January, 1954.

[SEAL] TRUE D. MORSE,
Acting Secretary of Agriculture.

[ACP-1954-Hawaii, Supp. 1]

PART 1105—AGRICULTURAL CONSERVATION; HAWAII

EXCESS COTTON ACREAGE

Pursuant to the authority vested in the Secretary of Agriculture under sections 7-17 of the Soil Conservation and Domestic Allotment Act, as amended, the Department of Agriculture Appropriation Act, 1954, and section 348 of the Agricultural Adjustment Act of 1938, as amended, the 1954 Agricultural Conservation Program; Hawaii, issued December 11, 1953 (18 F. R. 8265), is amended as follows:

A new § 1105.359 is added as follows:

§ 1105.359 *Excess cotton acreage.* (a) Any person who knowingly plants any kind of cotton or causes any kind of cotton to be planted on his farm in 1954 in excess of the 1954 acreage allotment for the farm for such kind of cotton under the Agricultural Adjustment Act of 1938, as amended, shall not be eligible for any payment of cost-shares whatsoever on that farm or on any other farm under 1954 programs authorized by sections 7 to 17, inclusive, of the Soil Conservation and Domestic Allotment Act, as amended. Cotton of any kind shall not be deemed to have been planted on any farm in excess of the farm acreage allotment for such kind of cotton if, after the acreage originally planted to such kind of cotton has been determined and

notice thereof sent to the operator of the farm, the acreage planted to such kind of cotton is adjusted to the farm acreage allotment for such kind of cotton in the period allowed under the notice. If the operator is notified that the acreage allotment for any kind of cotton has been exceeded and the acreage planted to such kind of cotton is not adjusted to such acreage allotment in the period allowed under the notice, the acreage allotment for such kind of cotton shall be deemed to have been knowingly exceeded by all producers having an interest in such kind of cotton on the farm. Notice of overplanting to the operator of the farm shall be deemed to be notice to all persons sharing in the production of any kind of cotton on the farm.

(b) For the purposes of this section "kind of cotton" shall be upland cotton or extra long staple cotton.

(Sec. 4, 49 Stat. 164; 16 U. S. C. 590d. Interprets or applies secs. 7-17, 49 Stat. 1148, as amended, sec. 348, 52 Stat. 59, as amended, Pub. Law 156, 83d Cong.; 7 U. S. C. 1348, 16 U. S. C. 590g-590q)

Done at Washington, D. C., this 29th day of January, 1954.

TITLE 9—ANIMALS AND ANIMAL PRODUCTS

Chapter I—Agricultural Research Service, Department of Agriculture

Subchapter C—Interstate Transportation of Animals and Poultry

[B. A. I. Order 363, Rev., Amdt. 18]

PART 76—HOG CHOLERA, SWINE PLAGUE, AND OTHER COMMUNICABLE SWINE DIS- EASES

SUBPART B—VESICULAR EXANTHEMA

DESIGNATION OF AREAS IN WHICH SWINE ARE AFFECTED WITH VESICULAR EXANTHEMA

Pursuant to the authority conferred upon the Administrator of the Agricultural Research Service by § 76.27 of Subpart B, as amended, Part 76, Title 9, Code of Federal Regulations (18 F. R. 3637), § 76.27a of said Subpart B (18 F. R. 3829, as amended) is hereby amended to read as follows:

§ 76.27a *Designation of areas in which swine are affected with vesicular exanthema.* The following areas in the specified States are hereby designated as areas in which swine are affected with vesicular exanthema:

California

The entire State of California.

Connecticut

The Town of Manchester in Hartford County.

Maine

The Town of Lewiston in Androscoggin County.

That area consisting of the towns of Portland, South Portland, Westbrook, Cape Elizabeth, and Scarborough, in Cumberland County,

and the Towns of Saco, Biddeford, Kennebunk, Alfred, and Sanford in York County.

That area consisting of the Towns of Cumberland and Yarmouth in Cumberland County.

That area consisting of the Towns of Chelsea and Hallowell in Kennebec County.

Massachusetts

That area consisting of Bristol, Essex, Hampden, Plymouth, and Suffolk Counties.

All of Middlesex County except that part of the Town of Billerica lying northeast of U. S. Route No. 3, northwest of Andover Road, south of Dudley Road, west of Concord Road, east of Lexington Road, and southwest of U. S. Route No. 3; that part of the Town of Burlington lying southwest of U. S. Route No. 3, southeast of Francis Wyman Road, north of Bedford Street, southeast of Dug Way, northeast of Winn Street, and northwest of Peach Orchard Road; the Town of Carlisle; that part of the Town of Dracut lying east of Gumpas Avenue and west of Mammoth Road; that part of the Town of Hudson lying west of Chapin Street, northwest of Brigham Street and the Assabet River; that part of the Town of Lexington lying west of Westview Road and south of State Routes No. 4 and 35; that part of the Town of North Reading lying north of State Route No. 62 and east of State Route No. 28; that part of the Town of Tewksbury lying northwest of the Shaw-shen River, northeast of State Route No. 38, and south of Salem Street; that part of the Town of Weston lying north of U. S. Route No. 20; and that part of the Town of Wilmington lying north of Salem Street, northwest of State Route No. 62, west of Ballardvale Street, southwest of the Salem and Lowell Branch of the Boston and Maine Railroad, east of the Portland Division of the Western Branch of the Boston and Maine Railroad, northeast of State Route No. 38, west of the Wilmington Branch of the Boston and Maine Railroad and south of Salem Street.

All of Norfolk County except that part of the Town of Sharon lying north of Main Street, and that part of the Town of Wrentham lying north of State Route No. 11 and south of State Route No. 140.

All of Worcester County except that part of the Town of Blackstone lying west of Mendon Street and north and east of Chestnut Street; the Town of Gardner; that part of the Town of Grafton lying east of State Routes No. 140 and No. 30; that part of the Town of Mendon lying north of Bellingham Road and south and east of Hartford Avenue East; the Town of Milford; that part of the Town of Oxford lying south of State Route No. 12; the Town of Templeton; and that part of the Town of Westboro lying north of State Route No. 9.

New Jersey

Atlantic, Bergen, Camden, Gloucester, Hudson, Hunterdon, and Morris Counties.

That area consisting of Union, Middlesex, Monmouth, and Ocean Counties.

That area in Lower Township in Cape May County lying east of U. S. Highway No. 9.

That area in Dennis Township in Cape May County bounded by the Belleplain State Forest on the south and east and State Highway No. 550 on the north and west and State Highway Spur No. 550 on the west.

All of Burlington County except Delran, Washington, Shamong, Tabernacle, and Bass River Townships.

New York

The Town of Poland in Chautauqua County.

The Town of Poughkeepsie in Dutchess County.

That area in the Town of Clarkstown lying north of New York State Route No. 59 in Rockland County.

Pennsylvania

Bucks and Delaware Counties.

Rhode Island

Providence County.

Effective date. The foregoing amendment shall become effective upon issuance.

Section 76.27 of Subpart B, as amended, Part 76, Title 9, Code of Federal Regulations (18 F. R. 3637), quarantine the areas so designated.

The amendment designates the following as an area in which swine are affected with vesicular exanthema in addition to the areas heretofore designated:

Providence County in Rhode Island.

Hereafter, the restrictions pertaining to the interstate movement of swine and carcasses, parts and offal of swine from or through quarantined areas contained in 9 CFR, Part 76, Subpart B, as amended (18 F. R. 3636, as amended), apply to this area.

The amendment excludes from the areas heretofore designated as areas in which swine are affected with vesicular exanthema:

That part of the Town of Billerica lying northeast of U. S. Route No. 3, northwest of Andover Road, south of Dudley Road, west of Concord Road, east of Lexington Road, and southwest of U. S. Route No. 3; that part of the Town of Burlington lying southwest of U. S. Route No. 3, southeast of Francis Wyman Road, north of Bedford Street, southeast of Dug Way, northeast of Winn Street, and northwest of Peach Orchard Road; the Town of Carlisle; that part of the Town of Dracut lying east of Gumpas Avenue and west of Mammoth Road; that part of the Town of Hudson lying west of Chapin Street, northwest of Brigham Street and the Assabet River; that part of the Town of Lexington lying west of Westview Road and south of State Routes No. 4 and 25; that part of the Town of North Reading lying north of State Route No. 62 and east of State Route No. 28; that part of the Town of Tewksbury lying northwest of the Shawheen River, northeast of State Route No. 38, and south of Salem Street; that part of the Town of Weston lying north of U. S. Route No. 20; and that part of the Town of Wilmington lying north of Salem Street, northwest of State Route No. 62, west of Ballardvale Street, southwest of the Salem and Lowell Branch of the Boston and Maine Railroad, east of the Portland Division of the Western Branch of the Boston and Maine Railroad, northeast of State Route No. 38, west of the Wilmington Branch of the Boston and Maine Railroad, and south of Salem Street, in Middlesex County, in Massachusetts.

That part of the Town of Sharon lying north of Main Street, and that part of the Town of Wrentham lying north of State Route No. 11 and south of State Route No. 140, in Norfolk County, in Massachusetts.

That part of the Town of Blackstone lying west of Mendon Street and north and east of Chestnut Street; the Town of Gardner; that part of the Town of Grafton lying east of State Routes No. 140 and No. 30; that part of the Town of Mendon lying north of Beltingham Road and south and east of Hartford Avenue East; the Town of Milford; that part of the Town of Oxford lying south of State Route No. 12; the Town of Templeton; and that part of the Town of Westboro lying north of State Route No. 9, in Worcester County, in Massachusetts.

The Administrator of the Agricultural Research Service has determined that

swine in these areas are not now affected with the disease, and that the quarantine of such areas is no longer required to prevent the dissemination thereof. Accordingly, these areas are no longer quarantined under said § 76.27, and the restrictions pertaining to the interstate movement of swine and carcasses, parts and offal of swine from or through quarantined areas contained in 9 CFR, Part 76, Subpart B, as amended, (18 F. R. 3636, as amended), no longer apply to such areas. However, the restrictions pertaining to such movement from non-quarantined areas contained in said Subpart D, as amended, apply thereto.

The effect of the amendment is to impose certain further restrictions necessary to prevent the spread of vesicular exanthema, a contagious, infectious, and communicable disease of swine, and to relieve certain restrictions presently imposed. The amendment must be made effective immediately to accomplish its purpose in the public interest and to be of maximum benefit to persons subject to the restrictions which are relieved. Accordingly, under section 4 of the Administrative Procedure Act (5 U. S. C. 1003), it is found upon good cause that notice and other public procedure with respect to the amendment are impracticable and contrary to the public interest and good cause is found for making it effective less than 30 days after publication in the FEDERAL REGISTER.

(Secs. 4, 5, 23 Stat. 32, as amended, sec. 2, 32 Stat. 792, as amended, secs. 1, 3, 33 Stat. 1264, as amended, 1265, as amended; 21 U. S. C. 120, 111, 123, 125. Interprets or applies sec. 7, 23 Stat. 32, as amended; 21 U. S. C. 117)

[SEAL]

M. R. CLARKSON,
Acting Administrator,
Agricultural Research Service.

TITLE 32—NATIONAL DEFENSE

Chapter VII—Department of the Air Force

Subchapter J—Procurement Procedures

PART 1007—TERMINATION OF CONTRACTS

REDISTRIBUTION AND DISPOSAL OF CONTRACTOR INVENTORY—FOREIGN

At the time Part 1007 was published in the FEDERAL REGISTER (18 F. R. 2690), material under the heading of Category B: Overseas, Subpart F—Termination Inventory, was reserved. This material, consisting of § 1007.618, is added to Subpart F, Part 1007, as follows:

CATEGORY B: OVERSEAS

§ 1007.618 *Redistribution and disposal of contractor inventory—foreign—(a) Redistribution.* Whenever any item of contractor inventory, as defined in Part 407 of this title, in the possession of a contractor is not required to complete the performance of work under a contract, it may be applied against known requirements existing under other Air Force contracts in the following order of precedence:

(1) If such contractor inventory can be utilized to satisfy known requirements existing under another Air Force contract within the same general locality (that is, same country or vicinity), it may be transferred to such other Air Force contract;

(2) If such contractor inventory can be utilized to satisfy known requirements existing under another Air Force contract located within the geographical jurisdiction of the major air command, it may be transferred to such other Air Force contract;

(3) If the contractor inventory can be utilized to satisfy known requirements existing under another Air Force contract located outside the geographical jurisdiction of the major air command (including zone of interior), it may be transferred to such other contract.

The United States diplomatic or consular representative in the country in which the property is located and such representative in the country to which the property may be transferred in accordance with the situations cited in this paragraph shall be consulted with regard to possible customs duties and taxes, or other limitations upon import or export of the property, applicable under the laws of the countries involved. Applicable laws shall be complied with; where compliance would make the transfer uneconomical, the property shall be disposed of as provided in paragraph (b) of this section.

(b) *Disposal.* If none of the foregoing situations prevails to the extent that the property cannot be utilized as indicated in paragraph (a) of this section, the property then may be disposed of in the following order of precedence:

(1) The property will be screened with the appropriate supply organization of the major overseas command where the property is located for the supply requirements of that command;

(2) The property will be screened with other military services within the major overseas command where such property is located;

(3) If no requirement exists thereafter property of line item cost in excess of \$1,000 shall be listed on termination inventory schedules (as provided by Subpart G, Part 407 of this title), and screened with Field Operations Division, Headquarters, Air Materiel Command (Attention: Readjustment Branch), for Air Force supply requirements;

(4) If 90 days after submission of inventory schedules no shipping instructions have been issued, the property may be disposed of subject to the provisions of paragraphs (d) and (e) of this section.

United States Air Force excess critical and strategic materials, wherever located, including those obtained from scrap and salvage and which meet the specifications and requirements of the stockpiling program of the Department of Defense, will be reported to the Directorate of Procurement and Production, Headquarters, Air Materiel Command, Attention: Readjustment Branch, Field Operations Division, and will be held for disposition instructions.

(c) *Transfers and reimbursement.*
(1) USAF excess material, if transferred

to another military department, generally will be without reimbursement or transfer of funds, for the material concerned;

(2) USAF excess material, if transferred to a Federal agency outside the Department of Defense, will require reimbursement for the fair value of the material concerned as well as packing, handling, and crating costs, except when otherwise authorized;

(3) Transportation charges incident to transfers mentioned in this paragraph will be handled by a Government bill of lading or other document, with the costs thereof charged direct to the transferee;

(4) Packing, handling, and crating charges incident to transfers cited in this paragraph will either be actual or estimated. Such charges will be subject to price negotiations between the departments concerned.

(d) *Foreign excess property.* (1) "Foreign excess property" means contractor inventory located outside the continental United States, Alaska, Hawaii, Panama Canal Zone, Puerto Rico, and the Virgin Islands, and excess to the needs of the oversea command in which located.

(2) Foreign excess property located in Canada will be disposed of through the Crown Assets Disposal Corporation (CADC), an agency of the Canadian Government, in accordance with the principles, price policies, and procedures, agreed upon by the United States and the Canadian Government.

(3) The disposal of foreign excess property shall conform to the foreign policy of the United States. In this connection, the commander of oversea major air command, or his designated representative, shall establish and maintain liaison with United States diplomatic representatives and consular offices, and will advise such personnel in advance regarding the disposition of foreign excess property, in order that the comments and suggestions of the Department of State may be obtained with respect to the proposed disposal, as relates to and affects the policies and economic condition of the country concerned. Disposal plans shall include, if possible, the names of prospective bidders of any proposed sale involving property having a total acquisition cost of \$250,000 or more, and shall be reported to the United States diplomatic mission in the country or countries concerned. It is not intended that the diplomatic missions shall be concerned with the determinations of the value of items to be disposed of. The receipt of such plans prior to the conclusion of any sales will afford an opportunity to the diplomatic missions to consider possible foreign policy aspects, and to transmit to the Air Force activity concerned any views of such aspects, together with any available information regarding particular purchases or other matters which may be helpful in concluding a sale. Sales involving property having a total acquisition cost of less than \$250,000, but in excess of \$50,000, need not be reported to the diplomatic mission in advance of the sale, but will be reported at the completion of the sale.

(4) Notwithstanding the above, it is believed that any sales, regardless of the

total acquisition cost of property which might have a significant effect on the economic or political situation in a particular area, shall be discussed with the appropriate diplomatic mission before the sale is made.

(5) The general policy of the Air Force is to sell foreign excess property by competitive bids. In exceptional or unusual cases sales may be made without competitive bids, provided that the sale price is fair and reasonable and is adequate in the light of reasonable knowledge or test of the market, due regard being had for current prices for any raw materials or products for which quotations are published, and for the circumstances, nature, condition, quantity, and location of the property. In some instances, the foreign government concerned may require that it shall either be the only authorized buyer or the only authorized sales agent. Accordingly, in those cases where a foreign government is a party to a contract or agreement for the sale of United States foreign property, the authorization and execution of such contract or agreement shall be effected only with the prior approval of the diplomatic mission in the country concerned.

(6) Custom duties, taxes, or similar charges may be levied by certain foreign governments against either the seller or purchaser of foreign excess property sold within their jurisdiction. Each sales offering shall include a statement and each contract shall include a clause providing that the purchaser shall pay all such duties, taxes, and so forth, and furnish the Air Force contracting officer copies of the receipts therefor, prior to the release of the property. Since the laws of each country in which foreign excess property may be sold will govern the assessment and collection of duties, taxes, and the like, the United States diplomatic or consular representative, in the area where the sales are to be made, shall be consulted and requested to effect appropriate arrangements with the foreign government concerned.

(7) All notices of sale and all sales contracts will include the following provision:-

The property sold hereunder shall not be imported into the United States of America, unless the Secretary of Agriculture (in the case of any agricultural commodity, food, or cotton or woolen goods), or the Secretary of Commerce (in the case of any other property) has determined that the importation of such property would relieve domestic shortages or otherwise be beneficial to the economy of the United States, and this sale is made expressly subject to this condition.

(e) *Foreign currency.* (1) Ordinarily, all sales of foreign excess property shall be made for United States dollars or for the equivalent in currency, which is readily convertible into United States dollars. When United States dollars are not available and it is proposed to accept foreign currency, prior approval shall be obtained from the treasury attaché of the staff of the United States diplomatic mission, except where the amount involved does not exceed \$5,000 as set forth in subparagraph (2) of this paragraph.

(2) In countries where there is no treasury attaché on the Staff, such cases

will be submitted direct to the Office of International Finance, United States Treasury Department, Washington 25, D. C. Where the amount involved in an individual transaction does not exceed \$5,000, the Treasury Department has authorized the Department of Defense to accept such amounts without consultation: *Provided, That:*

(i) Assurance has been obtained through the local State Department representative that such currency may be used in payment of any and all United States Government expenditures in that country;

(ii) It is not feasible to sell the property for United States dollars or to ship such property to a country (but not United States, except where property is of a type authorized for return) where it may be sold for United States dollars or for a freely convertible foreign currency;

(iii) It is not a country under occupation by United States forces;

(iv) It is not a country whose assets in the United States are blocked under Treasury Department regulations; or

(v) It is not a country with which diplomatic relations are not maintained.

(f) *Disposal of Air Force foreign excess property by Army and Navy.* When Air Force foreign excess property is transferred to the Departments of Army and Navy activities for disposal, pursuant to local agreements or to orders of the theater commanders, the responsibility to comply with State Department requirements outlined in this part is the responsibility of the service making disposal.

TITLE 14—CIVIL AVIATION

Chapter II—Civil Aeronautics Administration, Department of Commerce

[Amdt. 63]

PART 609—STANDARD INSTRUMENT APPROACH PROCEDURES

PROCEDURE ALTERATIONS

The standard instrument approach procedure alterations appearing hereinafter are adopted to become effective when indicated in order to promote safety of the flying public. Compliance with the notice, procedures, and effective date provisions of section 4 of the Administrative Procedure Act would be impracticable and contrary to the public interest, and therefore is not required.

Part 609 is amended as follows:

1. The low frequency range procedures prescribed in § 609.6 are amended to read in part:

LFR STANDARD INSTRUMENT APPROACH PROCEDURE

Bearings, headings, and courses are magnetic. Distances are in statute miles unless otherwise indicated. Elevations and altitudes are in feet, MSL. Ceilings are in feet above airport elevation. If an LFR instrument approach is conducted at the below named airport, it shall be in accordance with the following instrument approach procedure, unless an approach is conducted in accordance with a different procedure authorized by the Administrator for Civil Aeronautics for such airport. Initial approaches shall be made over specified routes. Minimum altitude(s) shall correspond with those established for en route operation in the particular area or as set forth below.

City and State; airport name, elevation; facility; class and identification; procedure No.; effective date	Initial approach to facility from—	Course and distance	Minimum altitude (ft.)	Procedure turn (—) side of final approach course (outbound and inbound); altitudes; limiting distances	Minimum altitude over facility on final approach course (ft.)	Course and distance to airport	Ceiling and visibility minimums			If visual contact not established at authorized landing minimums after passing facility within distance specified, or if landing not accomplished
							Condition	Type aircraft		
								75 m. p. h. or less	More than 75 m. p. h.

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

PART 3—RADIO BROADCAST SERVICES

TABLE OF ASSIGNMENTS

The Commission desires to make a change in Part 3—Radio Broadcast Services (revised to June 30, 1953) to correct a typographical error in the TV channel assignments for Lafayette, Indiana, as set forth in § 3.606. The asterisk for Channel 47 was inadvertently omitted when Part 3 was revised.

The amendment adopted herein is editorial in nature, and, therefore, prior publication of notice of proposed rule making under the provisions of section 4 of the Administrative Procedure Act is unnecessary, and the amendment may become effective immediately.

The amendment adopted herein is issued pursuant to authority contained in sections 4 (i), 5 (d) (1) and 303 (r) of the Communications Act of 1934, as amended, and paragraph F-6 of the Commission's order Defining the Functions and Establishing the Organizational Structure of the Office of the Secretary, dated February 14, 1952, as amended.

It is ordered, This 29th day of January 1954, that, effective immediately, Part 3 of the Commission's rules and regulations is revised as set forth below:

Section 3.606 is amended to show the TV channel assignments for Lafayette, Indiana to be *47, 59.

(Sec. 4, 48 Stat. 1066 as amended; 47 U. S. C. 154. Interprets or applies sec. 303, 48 Stat. 1082, as amended, sec. 5, 66 Stat. 713; 47 U. S. C. 303, 155)

Released: January 29, 1954.

FEDERAL COMMUNICATIONS
COMMISSION,

[SEAL] WM. P. MASSING,
Acting Secretary.

PART 10—PUBLIC SAFETY RADIO SERVICES

PART 11—INDUSTRIAL RADIO SERVICES

PART 16—LAND TRANSPORTATION RADIO SERVICES

STANDARD FORMS TO BE USED

In the matter of adoption of Revised FCC Form 400 (Application for Radio Station Authorization in the Safety and Special Radio Services), associated instructions, and amendment of Parts 10, 11 and 16 of the Commission's rules to delete certain formal requirements concerning voluntary assignment of authorizations.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 28th day of January 1954;

The Commission having under consideration certain modifications of FCC Form 400 and associated instructions, as well as simplification of §§ 10.55 (b), 11.56 (b) and 16.56 (b) governing voluntary assignment of radio station authorizations; and

It appearing, that certain editorial changes in the form and instructions, and in the spacing provided for some items in the form, appear to be desirable as a consequence of experience in its use since its adoption on September 10, 1952; and

It further appearing, that the notarization and certain other formal requirements presently applicable to letters assigning station authorizations under Parts 10, 11 and 16 appear to serve no useful purpose and should be deleted; and

It further appearing, that since the form and rules changes herein ordered are procedural in nature, general notice of proposed rule making under section 4 (a) of the Administrative Procedure Act is unnecessary and would serve no useful purpose; and

It further appearing, that the form and rules changes herein ordered impose no new burden on existing licensees, relax existing requirements, and may

therefore be made effective immediately; and

It further appearing, that authority for this order is contained in sections 4 (i), 301, 303 (r) and 308 (b) of the Communications Act of 1934, as amended;

It is ordered, That effective immediately, the revised FCC Form 400 (Application for Radio Station Authorization in the Safety and Special Radio Services) and "Instructions For Completion of FCC Form 400 (January 1954 Revision)" are hereby adopted: *Provided, however*, That applications filed on the present FCC Form 400 (adopted 9/10/52) will be accepted by the Commission until July 1, 1954; and

It is further ordered, That Parts 10, 11 and 16 of the Commission's rules are amended as set forth below:

Amend §§ 10.55 (b), 11.56 (b) and 16.56 (b) to read as follows:

(b) When the holder of a station authorization desires to assign to another person the privilege to construct or use a radio station, he shall submit to the Commission a letter setting forth his desire to assign all right, title, and interest in and to such authorization, stating the call sign and location of station. This letter shall also include a statement that the assignor will submit his current station authorization for cancellation upon completion of the assignment. Enclosed with this letter shall be an application for Assignment of Authorization on FCC Form 400 prepared by and in the name of the person to whom the station is being assigned.

(Sec. 4, 48 Stat. 1066 as amended; 47 U. S. C. 154. Interprets or applies secs. 301, 303, 308, 48 Stat. 1081, 1082, as amended, 1085; 47 U. S. C. 301, 303, 308)

Released: January 29, 1954.

PROPOSED RULE MAKING

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

[7 CFR Part 907]

[Docket No. AO 212-A6]

HANDLING OF MILK IN MILWAUKEE, WISCONSIN, MARKETING AREA

PROPOSED AMENDMENTS TO TENTATIVELY APPROVED MARKETING AGREEMENT AND ORDER, AS AMENDED

Pursuant to the provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and mar-

keting orders (7 CFR Part 900), notice is hereby given of a public hearing to be held in Room 322, Federal Building, 517 East Wisconsin Avenue, Milwaukee, Wisconsin, beginning at 10:00 a. m., c. s. t., February 9, 1954.

The hearing is for the purpose of receiving evidence with respect to economic and marketing conditions which relate to the handling of milk for the Milwaukee, Wisconsin, marketing area and to the proposed amendments set forth herein below, or modifications thereof, to the tentative marketing agreement as heretofore approved by the Secretary of Agriculture and to the order, as amended, regulating the handling of milk in the said marketing area. Consideration will be given also to the

question of whether such conditions require emergency action with respect to any or all amendments deemed necessary as the result of the hearing. The amendments proposed have not received the approval of the Secretary of Agriculture.

The following amendments have been proposed:

By the Milwaukee Cooperative Milk Producers, Pure Milk Products Cooperative, Dairyland Cooperative Association, Golden Guernsey Dairy Cooperative:

1. Amend § 907.51 (a) by adding the following: " * * * but no more than 24 cents shall be added or subtracted from the Class I differential."

* Filed as part of original document.

By the Dairy Division, Agricultural Marketing Service:

2. Make such other changes as may be required to make the entire marketing agreement and order conform with any amendments thereto that may result from this hearing.

Copies of this notice of hearing and of the said order as amended; may be procured from the Market Administrator, 956 North Twelfth Street, Milwaukee 3, Wisconsin, or from the Hearing Clerk, Room 1353, South Building, United States Department of Agriculture, Washington 25, D. C., or may be there inspected.

Dated: February 1, 1954.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator.

[F. R. Doc. 54-787; Filed, February 3, 1954;
8:55 a. m.]

[7 CFR Part 925]

[Docket No. AO-226-A3-RO1]

HANDLING OF MILK IN PUGET SOUND, WASHINGTON, MARKETING AREA

NOTICE OF REOPENING OF HEARING ON PROPOSED AMENDMENTS TO TENTATIVE MARKETING AGREEMENT AND ORDER, AS AMENDED

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of the reopening of the public hearing held August 10-11, 1953, at Seattle, Washington, pursuant to notice issued July 23, 1953 (18 F. R. 4381), such reopened hearing to be held at the Federal Court House Building, Seattle, Washington, beginning at 10:00 a. m., P. s. t., February 10, 1954 for the purpose of receiving additional evidence with respect to proposals Nos. 1, 2, and 3 below, set forth in the original notice of hearing as proposals Nos. 3, 8, and 21, respectively, to amend the tentative marketing agreement heretofore approved by the Secretary of Agriculture and the order, as amended, regulating the handling of milk in the Puget Sound, Washington, marketing area, or appropriate modifications of any of such proposals. These proposed amendments have not received the approval of the Secretary of Agriculture.

Consideration will be given also to the question of whether economic and marketing conditions which relate to the handling of milk for the said marketing area require emergency action with respect to any or all amendments deemed necessary as the result of the hearing.

Proposed by the United Dairymen's Association on its own behalf and on behalf of certain member cooperatives:

Proposal No. 1. Delete § 925.13 and substitute therefor the following:

§ 925.13 *Producer milk*. "Producer milk" or "milk received from producers" means milk qualified as described in § 925.12 and either received directly from a farm at a fluid milk plant or country plant or caused to be diverted by a handler

for his account from such a plant to a non-pool plant: *Provided first*, That milk so diverted shall be deemed to have been received by the diverting handler at the plant from which it was diverted: *And provided second*, That the first proviso hereof shall not apply to milk diverted from a plant located in one district to a plant located in another district with a different location adjustment unless it is actually received at the plant from which it is caused to be diverted at least 15 days during each month that diversion is claimed (exclusive of April, May, and June).

Proposal No. 2. Revise the provisions relating to location adjustments applicable to the Class I milk price and to the uniform prices to producers as follows:

1. Amend § 925.6 by taking Skagit County out of District 2 and creating a new district to be designated District 4, comprising only those portions of Skagit County which are within the marketing area.

2. Amend § 925.53 to read as follows:

§ 925.53 *Location adjustment to handlers on Class I milk*. In computing the value of each handler's milk, there shall be credited with respect to skim milk and butterfat respectively in producer milk received at a plant located in Districts 2 and 3, the sum of forty (40¢) cents per hundredweight, and at a plant located in District 4 of twenty (20¢) cents per hundredweight, and at a plant located in Clallam or Jefferson County of fifty (50¢) cents per hundredweight.

3. Amend § 925.81 (a) in conformity with the above suggested change for § 925.53.

Proposed by the Dairy Division, Agricultural Marketing Service:

Proposal No. 3. Make such other changes as may be required to make the entire marketing agreement and order conform with any amendments thereto that may result from this hearing.

Copies of this notice of hearing and of the aforesaid tentative marketing agreement and order may be procured from the market administrator, 200 Bigelow Building, Fourth and Pike Streets, Seattle, Washington, or from the Hearing Clerk, Room 1353, South Building, United States Department of Agriculture, Washington 25, D. C., or may be there inspected.

Dated: February 1, 1954.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator.

[Docket Nos. AO 101-A16, AO 170-A7]

MILK IN CHICAGO, ILLINOIS, AND SOUTH BEND-LA PORTE, INDIANA, MARKETING AREAS

NOTICE OF HEARING ON PROPOSED AMENDMENTS TO TENTATIVELY APPROVED MARKETING AGREEMENTS AND ORDERS, AS AMENDED, REGULATING HANDLING

Pursuant to the provisions of the Agricultural Marketing Agreement Act of

1937, as amended (7 U. S. C. 601 et seq.), and the applicable rules of practice and procedure governing the formulation of marketing agreements and marketing orders (7 CFR Part 900), notice is hereby given of a public hearing to be held in the Madison Room, Morrison Hotel, Clark and Madison Streets, Chicago, Illinois, beginning at 10:00 a. m., c. s. t. on February 8, 1954.

The hearing is for the purpose of receiving evidence with respect to economic and marketing conditions which relate to the handling of milk for the Chicago, Illinois, and South Bend-La Porte, Indiana, marketing areas and to the proposed amendments set forth herein below, or modifications thereof, to the tentative marketing agreements as heretofore approved by the Secretary of Agriculture and to the orders, as amended, regulating the handling of milk in the said marketing areas. Consideration will be given also to the question of whether such conditions require emergency action with respect to any or all amendments deemed necessary as the result of the hearing. The amendments proposed have not received the approval of the Secretary of Agriculture.

The following amendments have been proposed:

By the Pure Milk Association, Consolidated Badger Cooperative, Associated Milk Dealers, Inc., Baldwin Cooperative Creamery Company, Barron Cooperative Creamery, Colfax Cooperative Creamery, Falls Dairy Company, Farmers Cooperative Creamery Company, Ladysmith Milk Producers Cooperative, St. Croix Valley Cooperative Dairies, Wisconsin Cooperative Dairies:

1. Amend § 941.52 (a) (1) of the Chicago order by adding: "But no more than 24 cents shall be added to or subtracted from the Class I price differential."

By Pure Milk Products Cooperative:

2. Eliminate further declines in Class I and Class II prices under the Chicago order.

By Pure Milk Association:

3. Amend § 967.51 (a) of the South Bend-La Porte order by adding: "... but such Class I price differential shall not be increased or decreased more than 24 cents thereby."

By the Dairy Division, Agricultural Marketing Service:

4. Make such other changes as may be required to make the entire marketing agreement and order conform with any amendments thereto that may result from this hearing.

Copies of this notice of hearing and of the said order as amended, may be procured from the Market Administrators, 73 West Monroe Street, Chicago 3, Illinois, and 407 Strauss Building, Fort Wayne 2, Indiana, or from the Hearing Clerk, Room 1353, South Building, United States Department of Agriculture, Washington 25, D. C., or may be there inspected.

Dated: February 1, 1954.

[SEAL] ROY W. LENNARTSON,
Deputy Administrator.

[7 CFR Part 814]

SUGAR

NOTICE OF HEARING ON PROPOSED ALLOTMENT OF 1954 QUOTAS FOR PUERTO RICO

Pursuant to the authority contained in the Sugar Act of 1948, as amended (61 Stat. 922, as amended by 65 Stat. 318; 7 U. S. C. Sup. 1100), in accordance with the applicable rules of practice and procedure (7 CFR 801.1 et seq), and on the basis of information before me, I do hereby find that the allotment of (1) the 1954 sugar quota for Puerto Rico for consumption in the continental United States, (2) the direct-consumption portion thereof, and (3) the 1954 sugar quota for local consumption in Puerto Rico is necessary to prevent disorderly marketing and importation of such sugar and to afford all interested persons an equitable opportunity to market such sugar in the continental United States and Puerto Rico, respectively, and hereby give notice that a public hearing will be held at Santurce, Puerto Rico, in the Conference Room, Caribbean Area Office, ASC, Segarra Building on February 24, 1954, at 10:00 a. m. The quotas and portions thereof to be allotted are referred to herein as "mainland quota", "direct-consumption portion" and "local quota," respectively.

The purpose of such hearing is to receive evidence to enable the Secretary of Agriculture to make fair, efficient, and equitable allotments of the above-mentioned quotas among persons (1) who produce and market Puerto Rican sugar to be brought into the continental United States for consumption therein, (2) who produce or refine and market direct-consumption sugar to be brought into the continental United States for consumption therein and (3) who produce and market sugar for local consumption in Puerto Rico. The hearing will relate first to the allotment of the 1954 mainland and local quotas. Immediately upon completion of this part of the hearing, evidence will be received in regard to the allotment of the direct-consumption portion of the 1954 mainland quota.

The findings made above are in the nature of preliminary findings based on the best information now available. It will be appropriate to present evidence at the hearings on the basis of which the Secretary of Agriculture may affirm, modify, or revoke such preliminary findings and make or withhold allotment of any such quota or portion thereof in accordance therewith.

In addition, the subjects and issues of this hearing also include (1) the manner in which the statutory factors of "processings from proportionate shares," "past marketings," and "ability to market," as provided in section 205 (a) of the said act, should be measured; (2) the relative weightings which should be given to these factors; (3) participation in the allotments by producers of sugarcane who receive sugar in settlement therefor; (4) the transfer or exchange of allotments; and (5) the manner in

which sugar is to be charged to allotments.

Issued this 29th day of January 1954.

[SEAL]

TRUE D. MORSE,
Acting Secretary.

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR Part 3]

[Docket No. 10783]

TELEVISION BROADCAST STATIONS

TABLE OF ASSIGNMENTS

1. On November 30, 1953, the Commission issued a notice of proposed rule making (FCC 53-1566) which was published in the FEDERAL REGISTER on December 3, 1953 (18 F. R. 7801) relating to a proposed amendment of the Table of Assignments contained in § 3.606 of the Commission's rules governing Television Broadcast Stations so as to assign Channel 11 to Lexington, Tennessee, Channel 7 to Rock Island, Tennessee, and Channel 2 to Sneedville, Tennessee and to reserve these assignments for non-commercial educational use.

2. The Commission now has before it for consideration a conflicting petition for rule making filed on December 29, 1953, by Frank Kyle Spain, Tupelo, Mississippi, requesting an amendment of § 3.606 Table of assignments as follows:

City	Channel No.	
	Present	Proposed
Tupelo, Miss.	38	9-, 38
Jackson, Tenn.	9-, 16+	11, 16+

This proposal would also require a change in the offset requirement only of the assignment of Channel 9 to Hattiesburg, Mississippi, from Channel 9 to Channel 11, and of the assignment of Channel 11 to Meridian, Mississippi, from Channel 11 to Channel 11—.

3. In support of the proposal petitioner urges that the proposed amendments conform to the Commission's rules and standards; that they represent a greater utilization of the available channels; and that in view of the fact that Station WDXI-TV authorized for operation on Channel 9 at Jackson, Tennessee, has not yet been constructed and will not commence operation before June 1954, the change from Channel 9 to 11 in Jackson can be made without unduly hindering the permittee of WDXI-TV. The Dixie Broadcasting Company, permittee of Station WDXI-TV filed a comment opposing the issuance of a Show Cause Order to it as requested by petitioner. The Commission finds, however, that the Dixie comments contain no allegations as to the extent of construction of WDXI-TV or of the problems and expense involved in the proposed change in assignment to that station.

4. The Commission has before it for consideration a third conflicting petition for rule making filed on December

29, 1953, by the Alabama Educational Television Commission, requesting an amendment of § 3.606 Table of assignments as follows:

City	Channel No.	
	Present	Proposed
Munford, Ala.	None	7
University, Ala.	7	None

5. In support of the proposal petitioner urges that the proposed amendment conforms to the Commission's rules and standards; that it would permit the utilization of Mt. Cheaha, the highest point in the State of Alabama for the educational station thereby providing the greatest possible coverage to the most populated areas of the State; and that an application will be filed for the use of the channel in the event the amendment as proposed is adopted.

6. Authority for the adoption of the proposed amendments is contained in sections 4 (i), 301, 303 (c), (d), (f), and (r) and 307 (b) of the Communications Act of 1934, as amended.

7. Any interested party who is of the opinion that the amendments proposed by petitioners or by the Tennessee Educational Television Committee should not be adopted or should not be adopted in the form set forth herein may file with the Commission on or before February 26, 1954, a written statement or brief setting forth his comments. Comments in support of the proposed amendments may also be filed on or before the same date. Comments or briefs in reply to the original comments may be filed within 10 days from the last day for filing said original comments or briefs. The Commission will consider all such comments that are submitted before taking action in this matter, and if any comments appear to warrant or require the holding of a hearing or oral argument, notice of the time and place of such hearing or oral argument will be given.

8. In addition pursuant to section 316 of the Communications Act of 1934, as amended, the Dixie Broadcasting Company is hereby afforded an opportunity to show cause, if the rule change proposed by Frank Kyle Spain should be adopted, why its authorization should not be modified to specify Channel 11 in lieu of Channel 9. The Dixie Broadcasting Company shall make any reply it wishes to submit to the show cause order in this proceeding by February 26, 1954.

9. In accordance with the provisions of § 1.764 of the Commission's rules and regulations, an original and 14 copies of all statements, briefs or comments shall be furnished the Commission.

Adopted: January 27, 1954.

Released: January 29, 1954.

FEDERAL COMMUNICATIONS COMMISSION,

[SEAL] WM. P. MASSING,
Acting Secretary.

[F. R. Doc. 54-779; Filed, Feb. 3, 1954;
8:53 a. m.]

* Separate views of Commissioner Hennock filed as part of the original document.

NOTICES

DEPARTMENT OF JUSTICE

Office of the Attorney General

[Order No. 39-54]

DESIGNATION OF ORGANIZATIONS IN CONNECTION WITH FEDERAL EMPLOYEE SECURITY PROGRAM

The following change in the list of organizations designated by the Attorney General as coming within the purview of Executive Order No. 10450 in the FEDERAL REGISTER of May 12, 1953 (18 F. R. 2741) is hereby made: California Labor School, Inc., 216 Market Street, San Francisco, California, is changed to read California Labor School, Inc., 321 Divisadero Street, San Francisco, California.

Notice of proposed designation within the purview of Executive Order No. 10450 was sent to the American Polish League in accordance with the rules of procedure promulgated April 29, 1953 (18 F. R. 2619; 28 CFR 41.1 to 41.11). Due to its failure to file a notice of contest in the manner required by § 41.1 of the rules the American Polish League is designated pursuant to Executive Order No. 10450.

Following notice of proposed designation under Executive Order No. 10450, the organizations listed below filed notice of contest of such designation and were therefore forwarded by registered mail a statement of the grounds upon which the designation was proposed to be made, together with interrogatories with respect thereto. Section 41.3 of the rules of procedure with respect to notice, hearing and designation of organizations in connection with the Federal employee security program (18 F. R. 2619; 28 CFR 41.1 to 41.11) provides that within sixty days following receipt of such statement and interrogatories the organization shall file a verified reply, answering each interrogatory completely and with particularity. The following organizations have failed to comply in the manner required by said § 41.3 of the rules, and these organizations are therefore designated pursuant to Executive Order No. 10450:

American Lithuanian Workers Literary Association (also known as Amerikos Lietuvių Darbininkų Literatūros Draugija).
American Peace Crusade.
American Women for Peace.
Association of Lithuanian Workers (also known as Lietuvių Darbininkų Susivienijimas).
China Welfare Appeal, Inc.
Citizens Emergency Defense Conference.
Committee for the Negro in the Arts.
Connecticut Committee to Aid Victims of the Smith Act.
Daniels Defense Committee.
Families of the Baltimore Smith Act Victims.
Families of the Smith Act Victims.
Freedom Stage, Inc.
Massachusetts Minute Women for Peace.
National Association of Mexican Americans (also known as Asociación Nacional Mexico-Americana).
National Negro Labor Council.
Palo Alto Peace Club.
Slavic Council of Southern California.

No. 24—3

Washington Pension Union.
Yugoslav Seamen's Club, Inc.

Dated: January 22, 1954.

HERBERT BROWNELL, Jr.,
Attorney General.

DEPARTMENT OF COMMERCE

Federal Maritime Board

ANCHOR LINE LTD., ET AL.

NOTICE OF AGREEMENTS FILED FOR APPROVAL

Notice is hereby given that the following described agreements have been filed with the Board for approval pursuant to Section 15 of the Shipping Act, 1916, as amended; 39 Stat. 733, 46 U. S. C. section 814.

(1) Agreement No. 7932, between Anchor Line Limited, and Alcoa Steamship Company, Inc., covers the transportation of general cargo under through bills of lading from United Kingdom of Great Britain and Northern Ireland to Puerto Rico, with transshipment at Baltimore or New York.

(2) Agreement No. 7933, between Bristol City Line of Steamships, Ltd., and Alcoa Steamship Company, Inc., covers the transportation of general cargo under through bills of lading from the United Kingdom to Puerto Rico, with transshipment at Baltimore or New York.

Interested parties may inspect these agreements and obtain copies thereof at the Regulation Office, Federal Maritime Board, Washington, D. C., and may submit, within 20 days after publication of this notice in the FEDERAL REGISTER, written statements with reference to either of the agreements and their position as to approval, disapproval, or modification, together with request for hearing should such hearing be desired.

Dated: February 1, 1954.

By order of the Federal Maritime Board.

[SEAL] A. J. WILLIAMS,
Secretary.

DEPARTMENT OF THE TREASURY

Fiscal Service, Bureau of the Public Debt

[1954 Dept. Circ. 938]

1% PERCENT TREASURY CERTIFICATES OF INDEBTEDNESS OF SERIES A-1955

OFFERING OF CERTIFICATES

FEBRUARY 1, 1954.

I. *Offering of certificates.* 1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites subscriptions from the people of the United States for certificates of indebtedness of the United States, designated 1% percent Treasury

Certificates of Indebtedness of Series A-1955, in exchange for 2½ percent Treasury Certificates of Indebtedness of Series A-1954, maturing February 15, 1954, or 1½ percent Treasury Notes of Series A-1954, maturing March 15, 1954. Exchanges will be made par for par in the case of the maturing certificates and at par with an adjustment of interest as of February 15, 1954, in the case of the maturing notes. The amount of the offering under this circular will be limited to the amount of maturing certificates and notes tendered in exchange and accepted.

2. In addition to the offering under this circular, holders of the maturing certificates and notes are offered the privilege of exchanging all or any part of such certificates and notes for 2½ percent Treasury Bonds of 1961, which offering is set forth in Department Circular No. 939, issued simultaneously with this circular.

II. *Description of certificates.* 1. The certificates will be dated February 15, 1954, and will bear interest from that date at the rate of 1% percent per annum, payable at the maturity of the certificates on February 15, 1955. They will not be subject to call for redemption prior to maturity.

2. The income derived from the certificates shall be subject to all taxes, now or hereafter imposed under the Internal Revenue Code, or laws amendatory or supplementary thereto. The certificates shall be subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but shall be exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority. Any premium paid on the acquisition of these certificates in the market may be amortized in accordance with section 125 of the Internal Revenue Code.

3. The certificates will be acceptable to secure deposits of public moneys. They will not be acceptable in payment of taxes.

4. Bearer certificates with one interest coupon attached will be issued in denominations of \$1,000, \$5,000, \$10,000, \$100,000 and \$1,000,000. The certificates will not be issued in registered form.

5. The certificates will be subject to the general regulations of the Treasury Department, now or hereafter prescribed, governing United States certificates.

III. *Subscription and allotment.* 1. Subscriptions will be received at the Federal Reserve Banks and Branches and at the Office of the Treasurer of the United States, Washington. Banking institutions generally may submit subscriptions for account of customers, but only the Federal Reserve Banks and the Treasury Department are authorized to act as official agencies.

2. The Secretary of the Treasury reserves the right to reject or reduce any subscription, to close the books as to any or all subscriptions at any time without

notice, and to allot less than the amount of certificates applied for; any action he may take in these respects shall be final. Subject to these reservations, all subscriptions will be allotted in full. Allotment notices will be sent out promptly upon allotment.

IV. Payment. 1. Payment at par for certificates allotted hereunder must be made on or before February 15, 1954, or on later allotment, and may be made only in Treasury Certificates of Indebtedness of Series A-1954, maturing February 15, 1954, or in Treasury Notes of Series A-1954, maturing March 15, 1954, which will be accepted at par, and should accompany the subscription. The full amount of interest due on the maturing certificates surrendered will be paid following acceptance of the certificates. Coupons dated March 15, 1954 must be attached to the notes when surrendered, and accrued interest from September 15, 1953 to February 15, 1954 (\$5.81146 per \$1,000) will be paid following acceptance of the notes.

V. General provisions. 1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive subscriptions, to make allotments on the basis and up to the amounts indicated by the Secretary of the Treasury to the Federal Reserve Banks of the respective Districts, to issue allotment notices, to receive payment for certificates allotted, to make delivery of certificates on full-paid subscriptions allotted, and they may issue interim receipts pending delivery of the definitive certificates.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

[SEAL] G. M. HUMPHREY,
Secretary of the Treasury.

[F. R. Doc. 54-774; Filed, Feb. 3, 1954;
8:52 a. m.]

[1954 Dept. Circ. 939]

2½ PERCENT TREASURY BONDS OF 1961

OFFERING OF BONDS

FEBRUARY 1, 1954.

I. Offering of bonds. 1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites subscriptions from the people of the United States for bonds of the United States, designated 2½ percent Treasury Bonds of 1961, in exchange for which any of the following listed securities, singly or in combinations aggregating \$500 or multiples thereof, may be tendered:

2½ percent Treasury Certificates of Indebtedness of Series A-1954, maturing February 15, 1954.

1½ percent Treasury notes of Series A-1954, maturing March 15, 1954.

2 percent Treasury Bonds of 1952-54 (dated June 26, 1944), maturing June 15, 1954.

2½ percent Treasury Bonds of 1952-55, to be called for redemption on June 15, 1954.

2½ percent Treasury Bonds of 1954-56, to be called for redemption on June 15, 1954.

Exchanges will be made par for par in the case of the maturing certificates and at par with an adjustment of interest as of February 15, 1954, in the case of the other issues eligible for exchange. The amount of the offering under this circular will be limited to the amount of the eligible securities of the five issues enumerated above tendered in exchange and accepted.

2. In addition to the offering under this circular, holders of the maturing certificates and notes are offered the privilege of exchanging all or any part of such certificates and notes for 1½ percent Treasury Certificates of Indebtedness of Series A-1955, which offering is set forth in Department Circular No. 938, issued simultaneously with this circular.

II. Description of bonds. 1. The bonds will be dated February 15, 1954, and will bear interest from that date at the rate of 2½ percent per annum, payable on a semiannual basis on November 15, 1954, and thereafter on May 15 and November 15 in each year until the principal amount becomes payable. They will mature November 15, 1961, and will not be subject to call for redemption prior to maturity.

2. The income derived from the bonds shall be subject to all taxes now or hereafter imposed under the Internal Revenue Code, or laws amendatory or supplementary thereto. The bonds shall be subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but shall be exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

3. The bonds will be acceptable to secure deposits of public moneys.

4. Bearer bonds with interest coupons attached, and bonds registered as to principal and interest, will be issued in denominations of \$500, \$1,000, \$5,000, \$10,000, \$100,000 and \$1,000,000. Provision will be made for the interchange of bonds of different denominations and of coupon and registered bonds, and for the transfer of registered bonds, under rules and regulations prescribed by the Secretary of the Treasury.

5. The bonds will be subject to the general regulations of the Treasury Department, now or hereafter prescribed, governing United States bonds.

III. Subscription and allotment. 1. Subscriptions will be received at the Federal Reserve Banks and Branches and at the Office of the Treasurer of the United States, Washington. Banking institutions generally may submit subscriptions for account of customers, but only the Federal Reserve Banks and the Treasury Department are authorized to act as official agencies.

2. The Secretary of the Treasury reserves the right to reject or reduce any subscription, to close the books as to any or all subscriptions at any time without notice, and to allot less than the amount of bonds applied for; and any action he may take in these respects shall be final.

Subject to these reservations, all subscriptions will be allotted in full. Allotment notices will be sent out promptly upon allotment.

IV. Payment. 1. Payment at par for bonds allotted hereunder must be made on or before February 15, 1954, or on later allotment, and may be made only in the securities of the five issues enumerated in section I hereof, which will be accepted at par, and should accompany the subscription. The full amount of interest due on the maturing certificates surrendered will be paid following acceptance of the certificates. Coupons dated March 15, 1954, must be attached to the notes when surrendered, and accrued interest from September 15, 1953, to February 15, 1954 (\$5.81146 per \$1,000) will be paid following acceptance of the notes. Coupons dated June 15, 1954, must be attached to coupon bonds of each of the three eligible issues when surrendered, and accrued interest from December 15, 1953, to February 15, 1954 (\$3.40659 per \$1,000 in the case of the 2 percent bonds and \$3.83242 per \$1,000 in the case of the 2½ percent bonds) will be paid following acceptance of the bonds. In the case of registered bonds, accrued interest from December 15, 1953, to February 15, 1954, will be paid by check drawn in accordance with the assignments on the bonds surrendered, or by credit in any account maintained by a banking institution with the Federal Reserve Bank of its district.

V. Assignment of registered bonds. 1. Treasury Bonds of the three eligible issues in registered form tendered in payment for bonds offered hereunder should be assigned by the registered payees or assignees thereof to "The Secretary of the Treasury for exchange for 2½ percent Treasury Bonds of 1961 to be delivered to _____", in accordance with the general regulations of the Treasury Department governing assignments for transfer or exchange, and thereafter should be presented and surrendered with the subscription to a Federal Reserve Bank or Branch or to the Office of the Treasurer of the United States, Washington. The bonds must be delivered at the expense and risk of the holders.

VI. General provisions. 1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive subscriptions, to make allotments on the basis and up to the amounts indicated by the Secretary of the Treasury to the Federal Reserve Banks of the respective Districts, to issue allotment notices, to receive payment for bonds allotted, to make delivery of bonds on full-paid subscriptions allotted, and they may issue interim receipts pending delivery of the definitive bonds.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

[SEAL] G. M. HUMPHREY,
Secretary of the Treasury.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

New Mexico

NOTICE OF PROPOSED WITHDRAWAL AND
RESERVATION OF LANDS

JANUARY 28, 1954.

An application, serial number Colorado 06890, for the withdrawal from prospecting, location, entry or purchase under the mining laws, of the lands described below was filed on June 12, 1953, by the Atomic Energy Commission.

The purposes of the proposed withdrawal: For use by Atomic Energy Commission.

For a period of 30 days from the date of publication of this notice, persons having cause to object to the proposed withdrawal may present their objections in writing to the Regional Administrator, Region IV, Bureau of Land Management, Department of the Interior, at Salt Lake City, Utah, P. O. Box 659. In case any objection is filed and the nature of the opposition is such as to warrant it, a public hearing will be held at a convenient time and place, which will be announced, where opponents to the order may state their views and where proponents of the order can explain its purpose.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER, either in the form of a public land order or in the form of a Notice of Determination if the application is rejected. In either case, a separate notice will be sent to each interested party of record.

The lands involved in the application are:

NEW MEXICO PRINCIPAL MERIDIAN

[Docket DA-390, Idaho]

IDAHO

RESTORATION ORDER UNDER FEDERAL POWER
ACT

JANUARY 27, 1954.

Pursuant to determination DA-390, Idaho of the Federal Power Commission and in accordance with Order No. 427, section 2.22 (a) (4) of the Director, Bureau of Land Management, approved

August 16, 1950, 15 F. R. 5641, it is ordered as follows:

Subject to valid existing rights and the provisions of existing withdrawals the lands hereinafter described so far as they are withdrawn and reserved for power purposes are hereby restored to disposition under the public land laws as provided by law, subject to the provisions of section 24 of the Federal Power Act of June 10, 1920 (41 Stat. 1075; 16 U. S. C. sec. 818), as amended.

IDAHO

T. 60 N., R. 4 W., B. M., Sec. 21, lot 1 (approximately 5 acres).

The land described is situated on the east shore of Priest Lake at an elevation of 2,440 feet. The land is timbered with an uneven-aged stand of mixed species. The land is chiefly valuable for recreational purposes in connection with local recreational development by the State of Idaho and the land is classified as suitable for disposal to the State under the recreational act or by lieu selection.

While any application which is filed will be considered on its merits, it is unlikely that any part of the restored lands will be classified for any use or disposal other than that shown above. No application for the lands may be allowed under the homestead, desert land, or any other non-mineral public land law unless the lands have already been classified as valuable or suitable for such type of application, or shall be so classified upon consideration of an application.

The lands described shall be subject to application by the State of Idaho for a period of 90 days from that of publication of this order in the FEDERAL REGISTER for right-of-way for public highways or as a source of materials for construction and maintenance of such highways, subject to section 24 of the Federal Power Act, as amended. This order shall not otherwise affect the status of the lands until 10:00 a. m. on the 91st day after the date of publication of this order in the FEDERAL REGISTER. At that time, the lands shall become subject to application, petition, location and selection, subject to valid, existing rights, the provisions of existing withdrawals, the requirements of applicable laws and the 90 day preference filing period for veterans and others entitled to preference under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279-284), as amended.

Information showing the periods during which and under which veterans and others may file application for these lands may be obtained on request in the Land Office, Boise, Idaho.

CHESLEY P. SEELY,
Acting Regional Administrator.

[Montana 04451]

MONTANA

ORDER PROVIDING FOR OPENING OF PUBLIC
LANDS

JANUARY 28, 1954.

In an exchange of lands made under the provisions of section 8 of the act of

June 28, 1934 (48 Stat. 1269), as amended June 26, 1936 (49 Stat. 1976), (43 U. S. C. sec. 315g), the following described lands have been reconveyed to the United States:

MONTANA PRINCIPAL MERIDIAN

T. 12 N., R. 22 E.

Sec. 8; S 1/2, SE 1/4 NE 1/4.

Sec. 17; E 1/2 NE 1/4, SW 1/4 NE 1/4, E 1/2 NW 1/4,
NW 1/4 NW 1/4, NE 1/4 SW 1/4, NW 1/4 SE 1/4.

The areas described aggregate 680 acres.

These lands are rolling to rough, steep and mountainous in topography. The vegetative cover consists primarily of wheatgrass, bluegrass and fescue. The timber cover consists of an open stand of yellow pine to a dense stand of stagnant pole-sized yellow pine on the steeper north slopes. The land is classified as primarily suitable for watershed purposes, timber production and grazing. Cultivation of the land is prohibited due to the rough and steep topography.

No applications for these lands may be allowed under the homestead, small tract, desert land, or any other non-mineral public land laws unless the lands have already been classified as valuable or suitable for such type of application, or shall be so classified upon consideration of an application. It is unlikely that the lands will be classified for homestead, small tract, or desert land use.

This order shall not otherwise become effective to change the status of such lands until 10:00 a. m. on the 35th day after the date of this order. At that time the said lands shall, subject to valid existing rights and the provisions of existing withdrawals, become subject to application, petition, location, and selection as follows:

(a) *Ninety-one day period for preference-right filings.* For a period of 91 days, commencing at the hour and on the day specified above, the public lands affected by this order shall be subject only to (1) application under the homestead or the desert-land laws or the Small Tract Act of June 1, 1938, 52 Stat. 609 (43 U. S. C. 682a), as amended, by qualified veterans of World War II and other qualified persons entitled to preference under the act of September 27, 1944, 58 Stat. 747 (43 U. S. C. 279-284), as amended, subject to the requirements of applicable law, and (2) application under any applicable public-land law, based on prior existing valid settlement rights and preference rights conferred by existing laws or equitable claims subject to allowance and confirmation. Applications under subdivision (1) of this paragraph shall be subject to applications and claims of the classes described in subdivision (2) of this paragraph. All applications filed under this paragraph either at or before 10:00 a. m. on the 35th day after the date of this order shall be treated as though filed simultaneously at that time. All applications filed under this paragraph after 10:00 a. m. on the said 35th day shall be considered in the order of filing.

(b) *Date for non-preference-right filings.* Commencing at 10:00 a. m. on the 126th day after the date of this order, any lands remaining unappropriated shall become subject to such application,

petition, location, selection, or other appropriation by the public generally as may be authorized by the public-land laws. All such applications filed either at or before 10:00 a. m. on the 126th day after the date of this order, shall be treated as though filed simultaneously at the hour specified on such 126th day. All applications filed thereafter shall be considered in the order of filing.

A veteran shall accompany his application with a complete photostatic, or other copy (both sides), of his certificate of honorable discharge, or of an official document of his branch of the service which shows clearly his honorable discharge as defined in § 181.36 of Title 43 of the Code of Federal Regulations, or constitutes evidence of other facts upon which the claim for preference is based and which shows clearly the period of service. Other persons claiming credit for service of veterans must furnish like proof in support of their claims. Persons asserting preference rights, through settlement or otherwise, and those having equitable claims, shall accompany their applications by duly corroborated statements in support thereof, setting forth in detail all facts relevant to their claims.

Applications for these lands, which shall be filed in the Land Office, Billings, Montana, shall be acted upon in accordance with the regulations contained in § 295.8 of Title 43 of the Code of Federal Regulations and Part 296 of that title, to the extent that such regulations are applicable. Applications under the homestead laws shall be governed by the regulations contained in Parts 166 to 170, inclusive, of Title 43 of the Code of Federal Regulations, and applications under the desert-land laws and the said Small Tract Act of June 1, 1938, shall be governed by the regulations contained in Parts 232 and 257, respectively, of that title.

Inquiries concerning these lands shall be addressed to Manager, Land Office, Billings, Montana.

W. B. WALLACE,
Regional Administrator.

[Docket DA-384, 412, Oregon]

OREGON

RESTORATION ORDER UNDER FEDERAL POWER ACT

JANUARY 25, 1954.

Pursuant to determinations DA-384 and 412, Oregon, of the Federal Power Commission and in accordance with Order No. 427, section 2.22 (a) (4) of the Director, Bureau of Land Management, approved August 16, 1950, 15 F. R. 5641, it is ordered as follows:

Subject to valid existing rights and the provisions of existing withdrawals the lands hereinafter described so far as they are withdrawn and reserved for power purposes are hereby restored to disposition under the public land laws as provided by law, subject to the provisions of section 24 of the Federal Power Act of June 10, 1920 (41 Stat. 1075; 16 U. S. C. sec. 818), as amended.

OREGON

T. 27 S., R. 11 W., W. M.,
Sec. 33, N $\frac{1}{2}$ NE $\frac{1}{4}$ NW $\frac{1}{4}$.
T. 28 S., R. 11 W., W. M.,
Sec. 5, S $\frac{1}{2}$ NW $\frac{1}{4}$ NE $\frac{1}{4}$, N $\frac{1}{2}$ SE $\frac{1}{4}$ NE $\frac{1}{4}$, S $\frac{1}{2}$ S $\frac{1}{2}$ NE $\frac{1}{4}$ NE $\frac{1}{4}$.

The areas described aggregate 69.62 acres.

The lands described in section 33, above, are revested Coos Bay Wagon Road grant lands and its present cover consists of immature hard woods, brush and a limited number of Douglas fir seedlings. The tract is classified as forest land having potential agricultural value. The lands described in section 5, above, are revested Coos Bay Wagon Road grant lands and comprise a narrow strip of bottom land of which approximately 16 acres are tillable, while the balance is suitable for grazing. The lands described are considered primarily suitable for exchange purposes.

While any application which is filed will be considered on its merits, it is unlikely that any part of the restored lands will be classified for any use or disposal other than that shown above. No application for the lands may be allowed under the homestead, desert land, or any other non-mineral public land law unless the lands have already been classified as valuable or suitable for such type of application, or shall be so classified upon consideration of an application.

The lands described shall be subject to application by the State of Oregon for a period of 90 days from that of publication of this order in the FEDERAL REGISTER for right-of-way for public highways or as a source of materials for construction and maintenance of such highways, subject to section 24 of the Federal Power Act, as amended. This order shall not otherwise affect the status of the lands until 10:00 a. m. on the 91st day after the date of publication of this order in the FEDERAL REGISTER. At that time, the lands shall become subject to application, petition, location and selection, subject to valid, existing rights, the provisions of existing withdrawals, the requirements of applicable laws and the 90 day preference filing period for veterans and others entitled to preference under the act of September 27, 1944 (58 Stat. 747; 43 U. S. C. 279-284), as amended.

Information showing the periods during which and under which veterans and others may file application for these lands may be obtained on request in the Land Office, Portland, Oregon.

CHESLEY P. SEELY,
Acting Regional Administrator.

UTAH

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

JANUARY 28, 1954.

An application, serial number Utah 08463, for the withdrawal from all forms of appropriation under the public land laws, except mineral leasing of the

lands described below was filed on December 22, 1952, by the Atomic Energy Commission.

The purposes of the proposed withdrawal: Use by the Atomic Energy Commission.

For a period of 30 days from the date of publication of this notice, persons having cause to object to the proposed withdrawal may present their objections in writing to the Regional Administrator, Region IV, Bureau of Land Management, Department of the Interior at Salt Lake City, Utah, P. O. Box 659. In case any objection is filed and the nature of the opposition is such as to warrant it, a public hearing will be held at a convenient time and place, which will be announced, where opponents to the order may state their views and where proponents of the order can explain its purpose.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER, either in the form of a public land order or in the form of a Notice of Determination if the application is rejected. In either case, a separate notice will be sent to each interested party of record.

The lands involved in the application are:

SALT LAKE MERIDIAN

UTAH

NOTICE OF PROPOSED WITHDRAWAL AND RESERVATION OF LANDS

JANUARY 26, 1954.

An application, serial number Utah 09943, for the withdrawal from prospecting, location, entry or purchase under the mining laws, of the lands described below was filed on June 12, 1953, by the Atomic Energy Commission.

The purposes of the proposed withdrawal: For use by the Atomic Energy Commission.

For a period of 30 days from the date of publication of this notice, persons having cause to object to the proposed withdrawal may present their objections in writing to the Regional Administrator, Region IV, Bureau of Land Management, Department of the Interior, at Salt Lake City, Utah, P. O. Box 659. In case any objection is filed and the nature of the opposition is such as to warrant it, a public hearing will be held at a convenient time and place, which will be announced, where opponents to the order may state their views and where proponents of the order can explain its purpose.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER, either in the form of a public land order or in the form of a Notice of Determination if the application is rejected. In either case, a separate notice will be sent to each interested party of record.

The lands involved in the application are:

WYOMING

CLASSIFICATION ORDER NO. 4, WYOMING NO. 1, AMENDED

JANUARY 29, 1954.

1. On May 16, 1941 the vacant public lands in the following described areas in the Cheyenne, Wyoming, Land District, were classified by the Secretary of the Interior as chiefly valuable for development under the five-acre tract act of June 1, 1938 (52 Stat. 609; 43 U. S. C. 682a), and opened for leasing under that act as cabin, health, convalescent, and recreational sites, but not home, camp, or business sites:

T. 32 N., R. 79 W., 6th P. M.
Sec. 7: Lots A and B of Tract 43.
Sec. 15: SW¼NW¼.
Sec. 17: Lots 11 and 12 in NE¼.
Sec. 18: Lot 12 in NE¼NE¼.
Sec. 21: W½SE¼, NE¼SE¼.
Sec. 22: SW¼.
Sec. 27: N½NW¼.
Sec. 28: NE¼NE¼.

2. Pursuant to the authority delegated to me by the Director, Bureau of Land Management, by Order No. 427, dated August 16, 1950 (15 F. R. 5639), I hereby amend the classification order of May 16, 1941 to provide for the classification of the following described lands for lease and sale for the same purposes as set forth in the original classification:

T. 32 N., R. 79 W., 6th P. M.
Sec. 15: SW¼NW¼.
Sec. 17: Lots 11 and 12 in NE¼.
Sec. 18: Lot 12 in NE¼NE¼.
Sec. 21: W½SE¼, NE¼SE¼.
Sec. 22: SW¼.
Sec. 27: N½NW¼.
Sec. 28: NE¼NE¼.

3. This amended classification order does not change the original classification as to the lands described as Lots A and B of Tract 43, Sec. 7, T. 32 N., R. 79 W.

4. There are 91 lots included in this amended classification order, ranging in size from 1.24 acres to 5 acres. Most of the lots are rectangular in shape, approximately 330 feet in width and 660 feet in length, containing approximately five acres. The lots are located on the north, south, and west slopes of Casper Mountain approximately 12 miles from the city of Casper, Wyoming. Access to the general area is provided by hard-surfaced State Secondary Highway No. 142.

5. Most of the lots included in this amended classification order are already

T. 32 N., R. 79 W., 6th P. M.

under lease and substantial improvements have been partially or wholly constructed on some of these lots. Therefore, this amended classification providing for the lease and sale of these small tracts is for the primary purpose of permitting the present qualified lessees to purchase the small tracts.

6. New or renewal lessees will be required within a reasonable time after execution of the lease to construct upon the leased land, to the satisfaction of the appropriate officer of the Bureau of Land Management authorized to sign the lease, improvements which in the circumstances are presentable, substantial and appropriate for the use for which the lease is issued. Detailed specifications as to the improvement requirements will be made part of the lease terms. Existing lessees who qualify for purchase in accordance with existing regulations may submit applications to purchase at the appraised prices set forth in paragraph 8.

7. Lessees or their successors in interest shall comply with all Federal, State, county, and municipal laws and ordinances, especially those governing health and sanitation, and failure or refusal to do so may be cause for cancellation of the lease in the discretion of the authorized officer of the Bureau of Land Management.

8. All new leases, or renewals of existing leases, will be issued for a period of three (3) years and will contain an option to purchase clause at the appraised value of the lots as follows:

T. 32 N., R. 79 W., 6th P. M.

9. These lands were described in the original classification order by legal subdivisions. For purposes of clarity, each tract described by legal subdivision, except Lots 11 and 12 in NE1/4 Sec. 17 and Lot 12 in NE1/4NE1/4 Sec. 18, has also been assigned a reference number shown opposite the legal subdivision and appraised value as set forth in paragraph 8 above.

10. The following described tracts will be leased and sold subject to a 60 foot right of way, 30 feet on each side of the center line of existing State Secondary Highway No. 142 for road purposes and public utilities:

Section 21: Tract Ref. Nos. 27, 28, 36, 37, 45 and 53.

Section 22: Tract Ref. Nos. 54, 60 and 72.

Section 27: Tract Ref. No's. 84 and 96.

Section 28: Tract Ref. Nos. 83, 92, 95 and 105.

11. The following described tracts will be leased and sold subject to a 33 foot right of way for existing secondary access roads extending from State Secondary Highway No. 142:

Section 21: Tract Ref. Nos. 26, 27, 34, 35, 36, 37, 42, 43, 44, 45, 50, 51, 52, 58, 65 and 70.

Section 22: Tract Ref. Nos. 30, 32, 33, 38, 39, 40, 41, 46, 47, 48, 54, 55, 56, 62, 63, 67, 68, 74, 75 and 80.

Section 27: Tract Ref. Nos. 84, 86, 87, 93, 99 and 100.

12. The following described tracts will be leased and sold subject to a right of way for road purposes as follows:

Section 15: Tract Ref. Nos. 106 and 110, 16 1/2 feet in width along the entire south boundaries.

Tract Ref. Nos. 108 and 112, 16 1/2 feet in width along the entire north boundaries.

Section 21: Tract Ref. Nos. 26 and 27, 33 feet in width along the entire south boundaries.

Tract Ref. Nos. 51, 59, 66, 71 and 78, 33 feet in width extending along the entire west boundaries.

Section 22: Tract Ref. No. 30, 33 feet in width extending westward along the south boundary from existing trail road to southwest corner of tract.

Tract Ref. Nos. 31 and 39, 33 feet in width extending north along the entire west boundaries.

Tract Ref. Nos. 40 and 41, 33 feet in width extending along the entire south boundaries.

Tract Ref. Nos. 49, 57, 64, 69, 76 and 81, 33 feet in width extending along the entire west boundaries.

Tract Ref. No. 60, 33 feet in width extending along north boundary of tract from existing State Secondary Highway to northeast corner of tract.

Tract Ref. No. 72, 33 feet in width extending eastward along north boundary of tract from existing State Secondary Highway to northeast corner of tract.

Tract Ref. No. 80, 33 feet in width extending westward along south boundary of tract from existing trail road to the southwest corner of tract.

Section 27: Tract Ref. No. 84, 33 feet in width extending eastward along north boundary of tract from State Secondary Highway to northeast corner of tract.

Tract Ref. No. 89, 33 feet in width extending along the entire west boundary of tract.

Tract Ref. Nos. 96 and 97, 33 feet in width extending eastward from existing county road along the entire north boundaries.

Tract Ref. Nos. 100, 101 and 102, 33 feet in width extending eastward along the entire north boundaries from existing trail road.

Section 28: Tract Ref. Nos. 83 and 95, 16 1/2 feet in width extending westward from existing State Secondary Highway along the south boundaries to the southwest corner of the tracts.

Tract Ref. Nos. 92 and 105, 16 1/2 feet in width extending westward from existing State Secondary Highway along the north boundaries to the northwest corner of the tracts.

13. All inquiries relating to this amended classification order should be addressed to the Manager, Land and Survey Office, Cheyenne, Wyoming.

W. B. WALLACE,
Regional Administrator.

WYOMING

CLASSIFICATION ORDER NO. 13

JANUARY 29, 1954.

1. Pursuant to the authority delegated to me by the Director, Bureau of Land Management, by order No. 427, dated August 16, 1950 (15 F. R. 5639), I hereby classify under the Small Tract Act of June 1, 1938 (52 Stat. 609), as amended July 14, 1945 (59 Stat. 467, 43 U. S. C. 682a), the following described land in

the Wyoming Land District, embracing approximately 14,342 acres.

For lease and sale for cabinsites and homesites:

T. 34 N., R. 109 W., 6th P. M., Wyoming:
Section 27: Lots 2 through 9 and Lots 11 through 19, as shown on the official plat of survey dated May 28, 1953.

Lots 1 and 20 as shown on the plat of survey are not available for small tract purposes.

2. The lots range in size from 0.55 to 1.42 acres and are located along Pine Creek approximately 1½ miles northeast of the town of Pinedale in Sublette County, Wyoming. A power line and the Pinedale water pipeline cross the small tract area. Water for irrigation can be obtained from wells at depths of 20 to 40 feet or less. Sewage disposal may be accomplished by septic tanks. Schools, stores and other public facilities are available at the town of Pinedale. The topography of these tracts is nearly level to gently sloping. Soils are sandy to stony loam of medium to shallow depth and suitable for lawns and gardens. Native vegetation consists of sagebrush and grass with an overstory of timber along the creek. This timber is of no commercial value. There is no evidence of metallic or non-metallic minerals. The mineral rights to the land will be reserved to the Federal government.

3. This land was withdrawn and included within Power Site Reserve No. 5, Power Project No. 662, by Executive Order of July 9, 1910. The land was restored to entry June 10, 1920 under the public land laws subject to provisions of Section 24 of the Federal Power Act. Therefore, these lots will be leased or sold subject to the reservation of the right of the United States or its permittees or licensees to enter upon, occupy and use any or all of such lands for power purposes.

4. Small tract applications that were filed prior to November 20, 1952, the date the Land Office records were noted as to the proposed small tract classification, will be allowed a preference in accordance with § 257.6 of the regulations where such applications are amended to conform to a tract in accordance with the official plat of survey. Four applications filed prior to November 20, 1952 for the same purpose for which the land is now classified have been amended to conform to surveyed Lots 2, 8, 9, and 12, as shown on the official plat of survey. Small tract applications involving Lots 2, 8, 9 and 12 will therefore be allowed in accordance with the classification on the date the order is signed.

5. As to lands not covered by applications referred to in paragraph 4, this order shall not become effective to change the status of the lands until 10:00 a. m. on the 35th day after the date of this order.

6. A multiplicity of filings by those persons entitled to claim veterans' preference for service in World War II only is anticipated during the simultaneous filing period. Therefore, in accordance with the provisions of 43 CFR 257.8, Circular 1764, containing small tract regulations approved September 11, 1950, the special procedure and drawing out-

lined therein will be used. This special procedure does not apply to veterans of other wars of the United States.

7. Commencing at 10:00 a. m. on the date of this order and for a period of 35 days thereafter, the lands described herein shall be subject to the filing of drawing entry cards only by those persons entitled to claim World War II veterans' preference under the act of September 27, 1944 (58 Stat. 748, 43 U. S. C. 279-284), amended. Such veterans desiring to participate in the drawing may secure drawing entry cards, Form 4-775 from the Manager, Land and Survey Office in Cheyenne, Wyoming or the District Manager, Bureau of Land Management, Pinedale, Wyoming. The veteran will print clearly his name, post office address, and sign his full name in the space provided on the card, certifying that he is a citizen of the United States, over 21 years of age or the head of a family, and entitled to veterans' preference based upon service in World War II and honorably discharged from such service. Only one drawing entry card may be filed by an entrant. No filing fee or additional papers should accompany the drawing entry card. All drawing entry cards when completed as indicated shall be mailed to the Manager, Land and Survey Office, Cheyenne, Wyoming and must be forwarded in time to reach him not later than 10:00 a. m. on the 35th day after the date of this order. All cards of qualified entrants received not later than the hour and date mentioned will be placed in a box and at 2:00 p. m. on the business day following such 35th day thoroughly mixed in the presence of such persons as may desire to be present. The cards will then be drawn by a disinterested party, one at a time, and numbered in the order drawn to establish an adequate list of eligibles and of alternates to whom the available tracts will be allocated in consecutive order.

8. Each successful entrant to whom a lot is awarded will be sent by registered mail a decision making appropriate requirements with an offer to lease Form 4-776, in duplicate, bearing the description of the tract. The forms must be completely filled out, signed and returned by the successful entrant within the time allowed, accompanied by a \$10 filing fee and \$15 representing rental for a 3-year period; also a complete photostat, or other copy (both sides) of his certificate of honorable discharge, or of an official document of the branch of the service which shows clearly the period of service. An award to a successful entrant who was not qualified to enter the drawing, or who for any reason fails within the time allowed to comply with the requirements of the decision accompanying the lease forms, will be canceled upon the records, and the lot will become available to the alternate next in line as determined by the drawing.

Each entrant to whom no lot is allocated will be informed thereof by the return of his drawing entry card carrying a notation to that effect.

9. Lessees will be required within a reasonable time after execution of the lease to construct upon the leased land,

to the satisfaction of the appropriate officer of the Bureau of Land Management authorized to sign the lease, improvements which in the circumstances are presentable, substantial and appropriate for the use for which the lease is issued. Detailed specifications as to the improvement requirements will be made part of the lease terms and option to purchase.

10. Lessees or their successors in interest shall comply with all Federal, State, County and municipal laws and ordinances, especially those governing health and sanitation, and failure or refusal to do so may be cause for cancellation of the lease in the discretion of the authorized officer of the Bureau of Land Management.

11. Leases will contain an option to purchase clause at the appraised value of the lots as follows:

T. 34 N., R. 109 W., 6th P. M., Wyoming:	
Section 27:	
Lots 2, 3, 4, 5, 6, 13.....	\$250
Lots 7, 11, 12.....	300
Lots 8, 9.....	350
Lots 14, 15, 16, 17, 18, 19.....	175

All lessees or their successors in interest will be afforded the right to purchase the tract at or after one year from the date the lease is issued, provided the lessees have complied with the requirements specified in paragraphs 9 and 10 of this order and other requirements of the lease.

12. The leases will be made subject to rights of way for roads, public access to Pine Creek, and public utilities as follows:

40 feet wide along the entire west boundary of Lots 2, 3, 4, 5, 6, and 7;

40 feet wide along the entire north boundary of Lots 11, 14, 15, 16, 17, 18 and 19;

30 feet wide along the entire south boundary of Lot 7;

30 feet wide through Lot 8 beginning at a point on the west boundary of Lot 8 about 230 feet northeast of the southwest corner of the tract, thence running in a southeasterly direction through the tract to a point on the east boundary about 20 feet north of the southeast corner of the tract;

30 feet wide along the east boundary of Lot 8 beginning at the southeast corner of Lot 8 common to Lots 8 and 9, and extending north 0° 18' W. a distance of 35 feet;

30 feet wide along the entire west boundary of Lots 11 and 12;

15 feet wide along the entire east boundary of Lots 2, 3, 4, 5, 6, 7, 11, 12 and 13 which adjoin Pine Creek;

15 feet wide along the entire west boundary of Lots 8 and 9 which adjoin Pine Creek.

Lease and sale of the lots will also be subject to rights of ways of record.

13. Such rights of way may be utilized by the Federal government, or the State, county, or municipality in which the tract is situated, or by any agency thereof. The rights of way, in the discretion of the authorized officer of the Bureau of Land Management, may be definitely located either prior to or after issuance of the patents.

14. The lots, if any, which are not leased as a result of the drawing, will not become subject to application by veterans who are not successful in the drawing or by the general public until a further order has been issued granting veterans of World War II a preference

right of application for a period of 90 days.

15. All inquiries relating to these lands should be addressed to the Manager, Land and Survey Office, Cheyenne, Wyoming.

W. B. WALLACE,
Regional Administrator.

Office of the Secretary

[Order No. 2746]

COMMISSIONER OF RECLAMATION

DELEGATION OF AUTHORITY WITH RESPECT
TO DEVIATIONS FROM STANDARD FORMS FOR
CONSTRUCTION OR SUPPLY CONTRACTS

JANUARY 28, 1954.

SECTION 1. Delegation. The Commissioner of Reclamation is designated as the officer to authorize the use by the Bureau of Reclamation, in standard forms for construction or supply contracts, of terms, conditions and provisions not consistent with such standard forms, pursuant to paragraph 5 (b) of General Regulation No. 13 and Regulation 1-II-209.02.C.2 of the General Services Administration.

SEC. 2. Revocation. The memorandum from the Commissioner, Bureau of Reclamation to the Secretary of the Interior, approved January 10, 1951, authorizing the Commissioner to approve special terms, conditions and provisions in supply contract standard forms, is revoked.

DOUGLAS McKAY,
Secretary of the Interior.

FEDERAL COMMUNICATIONS COMMISSION

[Docket Nos. 10548, 10549, 10883]

TRI-STATE BROADCASTING SERVICE ET AL.
ORDER DESIGNATING APPLICATIONS FOR CONSOLIDATED HEARING ON STATED ISSUES

In re applications of Sam C. Phillips, Clarence A. Camp and James E. Connolly, a partnership doing business as Tri-State Broadcasting Service, Memphis, Tennessee, Docket No. 10548, File No. BP-8775; Southern Broadcasting Service, Inc., Memphis, Tennessee, Docket No. 10549, File No. BP-8802; Newport Broadcasting Company (KNBY), Newport, Arkansas, Docket No. 10883, File No. BP-9081; for construction permits.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 27th day of January 1954:

The Commission having under consideration the above-entitled application of the Newport Broadcasting Company for a construction permit to change the facilities of Station KNBY, Newport, Arkansas, from 1280 kilocycles, 1000 watts, daytime only, to 730 kilocycles, 1000 watts, daytime only;

It appearing, that the applicant is legally, technically, financially and otherwise qualified to operate Station KNBY as proposed; that the operation as proposed would result in mutually prohibitive interference with the above-entitled proposals of Tri-State Broadcasting Service and Southern Broadcasting Service, Inc. for construction permits for a new standard broadcast station to operate on 730 kilocycles, with a power of 250 watts, daytime only, at Memphis, Tennessee; and may involve interference to Station KTRY, Bastrop, Louisiana; and

It further appearing, that pursuant to section 309 (b) of the Communications Act of 1934, as amended, the subject applicant was advised by letter dated December 9, 1953, of the aforementioned

deficiencies and that the Commission was unable to conclude that a grant of the application would be in the public interest; and

It further appearing, that a hearing in the above-mentioned Docket Nos. 10458 and 10459 was scheduled to begin on December 9, 1953, but on that date an indefinite continuance was duly granted pending consolidation of the subject application, which was timely filed, in the said proceeding; and

It further appearing, that Station KTRY, in a reply dated December 14, 1953, requested that the subject application be designated for hearing; and

It further appearing, that the subject applicant filed a reply dated January 8, 1954, in which it requested that its application be designated for consolidated hearing with the above Memphis applications; and that the Hearing Examiner be directed to receive first only evidence relating to a section 307 (b) issues, and then, if the evidence supports a conclusion that the subject application should be granted under the said section, to suspend receipt of all other evidence and forthwith issue an Initial Decision granting the subject application; and

It further appearing, that, while a section 307 (b) issue might be dispositive of the proceeding, the same is true with regard to every single proceeding (in re Head of the Lakes Broadcasting Company, et al. 9 RR 1160); and

It further appearing, that upon due consideration of the above-entitled application and the replies to the above-mentioned letter, the Commission finds that a hearing is mandatory.

It is ordered, That pursuant to section 309 (b) of the Communications Act of 1934, as amended, the said application is designated for hearing in a consolidated proceeding with Docket Nos. 10548 and 10549, at a time and place to be specified in a subsequent order, upon the following issues:

1. To determine whether the operation proposed by Station KNBY would involve objectionable interference with Station KTRY, Bastrop, Louisiana, and, if so, the nature and extent thereof, the areas and populations affected thereby, the availability of other primary service to such areas and populations, and nature and character of the program service rendered by Station KTRY to such areas and populations.

2. To determine in the light of section 307 (b) of the Communications Act of 1934, as amended, which of the applicants would provide the more fair, efficient and equitable distribution of radio service.

3. To determine, on a comparative basis, which of the operations proposed in the above-entitled applications would best serve the public interest, convenience or necessity in the light of the evidence adduced under the foregoing issues and the record made with respect to the significant differences between the applicants as to:

(a) The background and experience of each of the above-named applicants to own and operate the proposed stations.
(b) The proposals of each of the above-named applicants with respect to

the management and operation of the proposed stations.

(c) The programming service proposed in each of the above-mentioned applications.

It is further ordered, That the Morehouse Broadcasting Company, licensee of Station KTRY, Bastrop, Louisiana, is made a party to the proceeding.

Released: January 29, 1954.

FEDERAL COMMUNICATIONS
COMMISSION,

[SEAL] WM. P. MASSING,
Acting Secretary.

[F. R. Doc. 54-790; Filed, Feb. 3, 1954;

[Docket Nos. 10791, 10792]

MANSFIELD JOURNAL CO. AND FERGUM
THEATRES, INC.

ORDER DELETING ISSUE

In re applications of Mansfield Journal Company, Mansfield, Ohio, Docket No. 10791, File No. BPCT-1178; Fergum Theatres, Inc., Mansfield, Ohio, Docket No. 10792, File No. BPCT-1179; for construction permits for new television stations.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 28th day of January 1954:

The Commission having under consideration a request filed on December 2, 1953, for waiver of § 3.613 (a) of the Commission's rules and regulations to permit the location of its main studio outside the principal community to be served, and a Petition to Amend Issues filed on December 22, 1953, to delete an issue with respect to whether good cause exists for the location of its main studio outside the principal community to be served, by Fergum Theatres; and

It appearing, that Fergum Theatres, Inc., on November 23, 1953, filed an amendment to its application proposing to locate its main studio at its transmitter site outside the city of Mansfield, Ohio, without an adequate showing of good cause for the proposed location of its main studio; and

It further appearing, that in its order of December 2, 1953, the Commission in designating the application of Fergum Theatres, Inc., for hearing included an issue to determine whether good cause exists for the location of its main studio outside the principal community to be served and whether § 3.613 (a) of the Commission's rules and regulations should be waived; and

It further appearing, that Fergum Theatres, Inc., on December 2, 1953, filed a request for waiver of the provisions of § 3.613 (a) of the Commission's rules and regulations to permit location of its proposed main studio outside the city of Mansfield for the following reasons: (1) The unavailability of adequate or appropriate building space within the city of Mansfield, and (2) the greater economy of operations resulting from locating both studio and transmitter in the same building; and

It further appearing, that Fergum Theatres, Inc., has made an adequate showing that there is good cause for locating its main studio outside the principal community to be served and that to do so would not be inconsistent with the operation of the station in the public interest;

It is ordered, That the request for deletion of issue by Fergum Theatres, Inc., is granted; and

It is further ordered, That the Commission's order of December 2, 1953, released December 7, 1953, designating for hearing the above-described applications is modified by deletion of the following issue:

(4) To determine whether good cause exists for the location of the proposed main studio of Fergum Theatres, Inc., outside the principal community to be served; whether such location would be consistent with the operation of the station proposed by Fergum Theatres, Inc., in the public interest; and whether the provisions of § 3.613 (a) of the Commission's rules should be waived.

Released: February 1, 1954.

FEDERAL COMMUNICATIONS
COMMISSION,

[Docket No. 10881, 10882]

SCOTT COUNTY BROADCASTING CO. AND
COLUMBIA BROADCASTING CO., INC.
(WCBI)

ORDER DESIGNATING APPLICATIONS FOR CON-
SOLIDATED HEARING ON STATED ISSUES

In re applications of Roth E. Hook and William E. Farrar, a partnership doing business as Scott County Broadcasting Company, Forrest, Mississippi, Docket No. 10881, File No. BP-8857; Columbus Broadcasting Company, Inc. (WCBI), Columbus, Mississippi, Docket No. 10882, File No. BP-8977; for construction permit.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 27th day of January 1954:

The Commission having under consideration the above-entitled applications of the Scott County Broadcasting Company for a construction permit to operate a new standard broadcast station on 550 kilocycles, with a power of 1,000 watts, daytime only, at Forrest, Mississippi; and Columbus Broadcasting Company, Inc., licensee of Station WCBI, Columbus, Mississippi, for a construction permit to change the facilities thereof from 1340 kilocycles, 250 watts, unlimited time, to 550 kilocycles, 1,000 watts day and 500 watts night, directional antenna day and night, unlimited time;

It appearing, that each applicant is legally, technically, financially and otherwise qualified to operate the station proposed; but that operation of both stations as proposed would result in mutually prohibitive interference with each other and that WCBI, operating as pro-

posed, may cause daytime interference to Station WHBQ, Memphis, Tennessee, and may otherwise not comply with the Standards of Good Engineering Practice; particularly with reference to providing interference-free service within the station's normally protected contour; and

It further appearing, that pursuant to section 309 (b) of the Communications Act of 1934, as amended, the subject applicants were advised by letters dated November 12, 1953, of the aforementioned deficiencies and that the Commission was unable to conclude that a grant of either application would be in the public interest; and

It further appearing, that a third applicant, the Voice of the Confederacy, which was mutually exclusive with the subject applicants, filed no reply to the aforementioned letter, and its application was dismissed on January 13, 1954, for failure of prosecution, pursuant to § 1.381 of Commission rules and regulations; and

It further appearing, that the Scott County Broadcasting Company filed a reply dated December 3, 1953, in which it stated that it believed a hearing would be necessary; and

It further appearing, that a formal petition to designate the WCBI application for hearing was filed on December 9, 1953, by Harding College, licensee of Station WHBQ, Memphis, Tennessee, claiming the WCBI proposal would cause daytime interference to WHBQ; and

It further appearing, that in a reply dated December 14, 1953, WCBI amended its application with respect to programming, estimated construction costs and other business interests and stated that because of mutual exclusivity being involved it appeared that a hearing would be necessary; and

It further appearing, that in a letter dated December 21, 1953, WCBI stated that Scott County Broadcasting Company and Voice of the Confederacy had not replied within thirty days to the Commission's letter of November 12, 1953, and that their applications should be dismissed and that the above-mentioned petition by Harding College was defective; and that with dismissal of the aforesaid applications there was no reason for not granting the WCBI application; and

It further appearing, that upon due consideration of the above-entitled applications the various pleadings filed with respect thereto, and the replies to the above letters, the Commission finds that a hearing is necessary.

It is ordered, That, pursuant to section 309 (b) of the Communications Act, as amended, the above-entitled applications are designated for hearing in a consolidated proceeding, at a time and place to be specified in a subsequent order, upon the following issues:

1. To determine whether the operation proposed by Station WCBI would involve objectionable interference with Station WHBQ, Memphis, Tennessee, and, if so, the nature and extent thereof, the areas and populations affected thereby, the availability of other primary service to such areas and populations, and nature and character of the program service

rendered by Station WHBQ to such areas and populations.

2. To determine whether the installation and operation of the station proposed by Columbus Broadcasting Company, Inc. would be in compliance with the Commission's rules and Standards of Good Engineering Practice Concerning Standard Broadcast Stations with particular reference to providing interference-free service within the station's normally protected contour.

3. To determine in the light of section 307 (b) of the Communications Act of 1934, as amended, which of the applicants would provide the more fair, efficient and equitable distribution of radio service.

4. To determine, on a comparative basis, which of the operations proposed in the above-entitled applications would best serve the public interest, convenience or necessity in the light of the evidence adduced under the foregoing issues and the record made with respect to the significant differences between the applicants as to:

(a) The background and experience of each of the above-named applicants to own and operate the proposed stations.

(b) The proposals of each of the above-named applicants with respect to the management and operation of the proposed stations.

(c) The programming service proposed in each of the above-mentioned applications.

It is further ordered, That Harding College, licensee of Station WHBQ, Memphis, Tennessee, is made a party to the proceeding.

Released: February 1, 1954.

[Docket No. E-6538]

BLACK HILLS POWER AND LIGHT CO.

NOTICE OF ORDER AUTHORIZING ISSUANCE OF
SECURITIES

JANUARY 29, 1954.

Notice is hereby given that on January 28, 1954, the Federal Power Commission issued its order adopted January 28, 1954, authorizing issuance of securities in the above-entitled matter.

[SEAL] LEON M. FUQUAY,
Secretary.

[F. R. Doc. 54-748; Filed, Feb. 3, 1954;
8:47 a. m.]

[Docket Nos. G-2093, G-2226]

CONNECTICUT GAS CO. AND HARTFORD
GAS CO.

ORDER CONSOLIDATING PROCEEDINGS AND
FIXING DATE OF HEARING

In the matters of The Connecticut
Gas Company, Docket No. G-2093; The

Hartford Gas Company, Docket No. G-2226.

The Connecticut Gas Company, a Connecticut corporation having its principal office in Berlin, Connecticut, filed an application with the Federal Power Commission on November 24, 1952, and supplement thereto on October 22, 1953, for a certificate of public convenience and necessity, pursuant to section 7 (c) of the Natural Gas Act, authorizing the transportation and sale of natural gas in interstate commerce, subject to the Commission's jurisdiction, as described in the application on file with the Commission and open to public inspection.

The Hartford Gas Company, a Connecticut corporation having its principal office in Hartford, Connecticut, filed an application with the Federal Power Commission on August 12, 1953, for a certificate of public convenience and necessity, pursuant to section 7 (c) of the Natural Gas Act, authorizing the transportation of natural gas in interstate commerce, subject to the jurisdiction of the Commission, as described in the application on file with the Commission and open to public inspection.

The operations sought to be certificated by the companies are interrelated and arise out of the conditions contained in Commission Opinion No. 259, in Docket No. G-1319, Algonquin Gas Transmission Company.

Temporary certificate authorizations were granted in the above matters on September 1, 1953.

The Commission finds:

(1) It is appropriate for the purposes of administration of the Natural Gas Act that the above proceedings be consolidated for hearing.

(2) These proceedings are proper matters for disposition under the provisions of § 1.32 (b) (18 CFR 1.32 (b)) of the Commission's rules of practice and procedure. Applicants having requested that their applications be heard under the shortened procedure provided by the aforesaid rule for uncontested proceedings, and no requests to be heard, protests or petitions having been filed subsequent to the giving of due notice of the filing of the applications, including publication in the FEDERAL REGISTER on December 11, 1952 (17 F. R. 11209) and August 29, 1953 (18 F. R. 5185), respectively.

The Commission orders:

(A) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, the above proceedings are consolidated for hearing only and a consolidated hearing be held on February 12, 1954, at 9:30 a. m., e. s. t., in the Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning matters involved in and issues presented by the aforementioned applications: *Provided, however, That the Commission may, after a noncontested hearing, forthwith dispose of these proceedings pursuant to the provisions of § 1.32 (b) of its rules of practice and procedure.*

(B) Interested State commissions may participate as provided by §§ 1.8 and 1.37 (f) (18 CFR 1.8 and 1.37 (f)) of said rules of practice and procedure.

Adopted: January 29, 1954.

Issued: January 29, 1954.

By the Commission.

[SEAL] LEON M. FUQUAY,
Secretary.

[Docket No. G-2338]

ALGONQUIN GAS TRANSMISSION CO.

ORDER FIXING DATE OF HEARING

This proceeding is a proper one for disposition under the provisions of § 1.32 (b) (18 CFR 1.32 (b)) of the Commission's rules of practice and procedure. Applicant having requested that its application, filed on December 17, 1953, pursuant to section 7 of the Natural Gas Act, for a certificate of public convenience and necessity authorizing the construction and operation of certain facilities as described in said application, be heard under the shortened procedure provided by the aforesaid rule for noncontested proceedings, and no request to be heard, protest or petition having been filed subsequent to the giving of due notice of the filing of the application, including publication in the FEDERAL REGISTER on January 12, 1954 (19 F. R. 220).

The Commission orders:

(a) Pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing be held on February 16, 1954, at 9:30 a. m., e. s. t., in the Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D. C., concerning the matters involved in and the issues presented by the application: *Provided, however, that the Commission may, after a noncontested hearing, forthwith dispose of the proceedings pursuant to the provisions of § 1.32 (b) of the Commission's rules of practice and procedure.*

(b) Interested State commissions may participate as provided by §§ 1.8 and 1.37

(f) (18 CFR 1.8 and 1.37 (f)) of the said rules of practice and procedure.

Adopted: January 29, 1954.

Issued: January 29, 1954.

By the Commission.

[Docket No. G-2359]

DOME GAS COMPANY, INC.

NOTICE OF APPLICATION

JANUARY 29, 1954.

Take notice that Dome Gas Company, Inc. (Applicant), an Indiana corporation having its principal place of business in Sullivan, Indiana, filed on January 25, 1954, an application for an order directing Texas Gas Transmission Corporation (Texas Gas) a "natural-gas company", a Delaware corporation with a principal office at Queensboro, Kentucky, to sell and deliver on a firm basis a maximum daily volume of 750 Mcf of natural gas at an existing point of connection of the facilities of Texas Gas with those of Applicant, pursuant to section 7 (a) of the Natural Gas Act.

The application recites the local gas wells supplying Applicant in the past have become seriously depleted, there is no adequate local supply available, and a firm supply is required from other sources. Texas Gas is presently supplying 225 Mcf of Applicant's requirements on an interruptible basis under authorization issued May 15, 1952, at Docket Nos. G-1807 and G-1830.

The Applicant alleges that no undue burden will be placed upon Texas Gas, nor will its ability to serve its customers be impaired by the granting to Applicant of the request made herein.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D. C., in accordance with the Commission's rules of practice and procedure (18 CFR 1.8 or 1.10) on or before the 18th day of February 1954. The application is on file with the Commission for public inspection.

[SEAL] LEON M. FUQUAY,
Secretary.

SECURITIES AND EXCHANGE COMMISSION

[File No. 1-3237]

ADOLF GOBEL, INC.

ORDER SUMMARILY SUSPENDING TRADING

At a regular session of the Securities and Exchange Commission held at its office in the city of Washington, D. C., on the 29th day of January A. D. 1954.

The Commission by order adopted March 13, 1953, pursuant to section 19 (a) (4) of the Securities Exchange Act of 1934, having summarily suspended trading in the \$1.00 par value common stock of Adolf Gobel, Inc., on the American Stock Exchange for a period of ten days from that date, and subsequently having entered additional orders further suspending such trading in order to prevent fraudulent, deceptive or manipulative acts or practices; and

The Commission being of the opinion that the public interest requires the summary suspension of trading in such security on that Exchange and that such action is necessary and appropriate for the protection of investors; and

The Commission being of the opinion that such suspension is necessary in order to prevent fraudulent, deceptive or manipulative acts or practices, with the result that it will be unlawful under section 15 (c) (2) of the Securities Exchange Act of 1934 and the Commission's Rule X-15C2-2 thereunder; for any broker or dealer to make use of the mails or of any means or instrumentality of interstate commerce to effect any transaction in, or to induce or attempt to induce the purchase or sale of, such security otherwise than on a national securities exchange.

It is ordered, Pursuant to section 19 (a) (4) of the Securities Exchange Act of 1934, that trading in said securities on the American Stock Exchange be summarily suspended in order to prevent fraudulent, deceptive or manipulative acts or practices, effective at the opening of the trading session on said Exchange on February 1, 1954, for a period of ten days.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[File No. 70-3127]

DUQUESNE LIGHT CO.

SUPPLEMENTAL ORDER RELEASING JURISDICTION WITH RESPECT TO CERTAIN FEES AND EXPENSES

JANUARY 29, 1954.

The Commission by order dated November 30, 1953, having permitted to

become effective on application-declaration filed by Duquesne Light Company ("Duquesne"), a public utility subsidiary of Standard Gas and Electric Company and Standard Power and Light Corporation, both registered holding companies, with respect to the issue and sale by Duquesne, pursuant to Rule U-50 of 100,000 shares of 4.20 percent Preferred Stock, par value \$50 per share;

The Commission in its aforesaid order dated November 30, 1953, having reserved jurisdiction over, among other things, all fees and expenses incurred in connection with the issue and sale of said preferred stock;

Duquesne having on January 19, 1954, requested the Commission to release jurisdiction with respect to such fees and expenses, other than fees and expenses for accounting and legal services, and said fees and expenses having been estimated by Duquesne as follows:

Securities and Exchange Commission filing fee.....	\$540.00
Federal and State stamp taxes.....	5,500.00
Pennsylvania stock excise tax.....	10,000.00
Printing.....	17,050.77
Engraving.....	9,500.00
Transfer agent and registrar fees.....	1,200.00
Qualifying under securities laws of various States.....	2,000.00
Listing on stock exchanges.....	1,500.00
Miscellaneous expenses.....	2,510.00
Total.....	49,800.77

The Commission finding that said estimated fees and expenses are not unreasonable, provided they do not exceed the foregoing amounts, and it appearing to the Commission that the jurisdiction heretofore reserved with respect thereto should be released:

It is ordered, That the jurisdiction heretofore reserved with respect to the above fees and expenses be, and the same hereby is, released, effective forthwith.

It is further ordered, That the jurisdiction heretofore reserved, other than as heretofore or herein expressly released, be, and the same hereby is, continued.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

[File No. 70-3174]

PUBLIC SERVICE CO. OF OKLAHOMA

ORDER REGARDING SALE OF FIRST MORTGAGE BONDS AT COMPETITIVE BIDDING

JANUARY 29, 1954.

An application having been filed with this Commission by Public Service Company of Oklahoma ("Oklahoma"), a public-utility subsidiary of Central and South West Corporation, a registered holding company, pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935 ("act") and Rule U-50 promulgated thereunder with respect to proposed transactions, which are summarized as follows:

Oklahoma proposes to issue and sell, at competitive bidding pursuant to Rule

U-50 of the general rules and regulations of the Commission under the act, \$12,500,000 in principal amount of its First Mortgage Bonds, Series E, — percent, to be dated February 1, 1954, to mature February 1, 1984, and to be issued under and secured by the Indenture of Mortgage dated July 1, 1945, between the applicant and The First National Bank and Trust Company of Tulsa, as Trustee, as amended by the indentures supplemental thereto heretofore executed and by a proposed Supplemental Indenture to be dated February 1, 1954. The proposed Supplemental Indenture states the terms, provisions and characteristics of the bonds of Series E and supplements and amends said Indenture in certain related respects, and will confirm the lien of said Indenture on certain "after-acquired property" constructed or acquired by Oklahoma on or subsequent to March 1, 1953, and described therein.

The net proceeds (exclusive of accrued interest) to be received by applicant from the sale of the \$12,500,000 principal amount of Series E Bonds proposed to be issued, will be used in payment or reimbursement of a part of the cost of additions, extensions and improvements made or to be made to its electric utility properties.

The issuance and sale of the proposed bonds are subject to the jurisdiction of the Corporation Commission of Oklahoma, the State commission of the State in which Oklahoma is organized and doing business and have been authorized by that Commission.

Applicant requests that this Commission's order to be entered herein become effective forthwith upon its issuance.

Fees and expenses of the issuance and sale, other than underwriting discounts and commissions are estimated as follows:

Securities and Exchange Commission	
filing fee.....	\$1,300
Federal original issue stamp tax.....	13,750
Printing of registration statement, prospectus, bidding documents, supplemental indenture, etc.....	8,000
Preparation of bonds.....	2,600
Trustee's fees.....	6,250
Accountants' fees.....	1,500
Fees for recording supplemental indenture.....	1,000
Fees of Middle West Service Co.....	7,000
Miscellaneous expenses, including traveling, telephone, etc.....	2,400
Total estimated expenses.....	43,800

Counsel fees of Stevenson, Dendler, Bailey & McCabe and T. M. Markley, counsel for the applicant are covered by annual retainer or salary agreement. The fees (\$6,500) and disbursements (estimated at not more than \$350) of Isham, Lincoln & Beale, counsel for the purchasers, are to be paid by the successful bidder. In addition, the company will reimburse the successful bidder for expenses and for counsel fees payable in whole or in part to Isham, Lincoln & Beale in an amount not to exceed \$1,200

which is the estimated aggregate expenditures in connection with qualification or registration under state securities laws.

Due notice having been given of the filing of the application, and a hearing not having been requested or ordered by the Commission; and the Commission finding that the applicable provisions of the act and the rules promulgated thereunder are satisfied, that no adverse findings are necessary, and that the fees and expenses as estimated are not unreasonable, and deeming it appropriate in the public interest and the interest of investors and consumers that said application, as amended, be granted, effective forthwith:

It is ordered, Pursuant to Rule U-23 and the applicable provisions of the act, that said application, as amended, be and it hereby is granted, effective forthwith, subject to the terms and conditions prescribed in Rules U-24 and U-50.

By the Commission.

[SEAL]

ORVAL L. DuBOIS,
Secretary.

INTERSTATE COMMERCE COMMISSION

[4th Sec. Application 28870]

GRAIN FROM MIDWEST AND SOUTHWEST TO
BEAUMONT AND PORT ARTHUR, TEX., FOR
EXPORT

APPLICATION FOR RELIEF

FEBRUARY 1, 1954.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: The Chicago, Rock Island and Pacific Railroad Company for itself and on behalf of the Kansas City Southern Railway Company and the Louisiana & Arkansas Railway Company.

Commodities involved: Grain, grain products and related articles, carloads.
From: Atchison, Kans., Council Bluffs, Iowa, Kansas City, Mo., Kans., Omaha and South Omaha, Nebr., and St. Joseph, Mo., and other points in Colorado, Kansas, Nebraska and Oklahoma.

To: Beaumont and Port Arthur, Texas for export.

Grounds for relief: Competition with rail carriers, circuitous routes, to maintain grouping.

Schedules filed containing proposed rates: Chicago, Rock Island and Pacific Railroad Company, ICC No. C-13346, suppl. 40.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As pro-

vided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.

[4th Sec. Application 28874]

GRAIN FROM GREEN CITY AND UNIONVILLE,
MO., TO GULF PORTS

APPLICATION FOR RELIEF

FEBRUARY 1, 1954.

The Commission is in receipt of the above-entitled and numbered application for relief from the long-and-short-haul provision of section 4 (1) of the Interstate Commerce Act.

Filed by: W. J. Prueter, Agent, for carriers parties to schedule listed below.

Commodities involved: Grain, grain products and related articles, carloads.
From: Green City and Unionville, Mo.
To: Gulf ports for export.

Grounds for relief: Competition with rail carriers, circuitous routes, to maintain grouping.

Schedules filed containing proposed rates: Chicago, Burlington and Quincy Railroad Company ICC No. 20396, suppl. 37.

Any interested person desiring the Commission to hold a hearing upon such application shall request the Commission in writing so to do within 15 days from the date of this notice. As provided by the general rules of practice of the Commission, Rule 73, persons other than applicants should fairly disclose their interest, and the position they intend to take at the hearing with respect to the application. Otherwise the Commission, in its discretion, may proceed to investigate and determine the matters involved in such application without further or formal hearing. If because of an emergency a grant of temporary relief is found to be necessary before the expiration of the 15-day period, a hearing, upon a request filed within that period, may be held subsequently.

By the Commission.
